## Plenty of Money For Building Loans

Building a new home or apartment-house requires ready money. To expedite its immediate erection we are prepared to make liberal loans. Loans on any projected or recently completed residence or apartment-house that is well located in LOS ANGELES or its immediate vicinity will be

**Closed Immediately—Without Delay**

Loans to any amount will be made on apartment-houses, but on residences the limit is \$5000. Each loan is made for 15 years and may be paid off on or after three years without bonus. Interest is payable June 1 and December 1 in each year, and principal is repaid by the payment semi-annually of 3 per cent of the face of the loan. When "Building Loans" are made, papers must be recorded before any material is delivered or labor performed. Details will be furnished on application.

The above vessels will be sold "as is, where is" and the United States Shipping Board Emergency Fleet Corporation will not be accountable for errors in description.

A certified check for two and one-half per cent (2 1/2%) of the amount offered must accompany each bid. This sum will be credited on the purchase price if award is made to the bidder, or will be retained by the Board on account of damages if the successful bidder fails to complete the purchase. Checks will be returned promptly to bidders whose offers are rejected.

The Board reserves the right to reject any or all bids.

and marked "Bid for S.S. (Name of Steamer)"

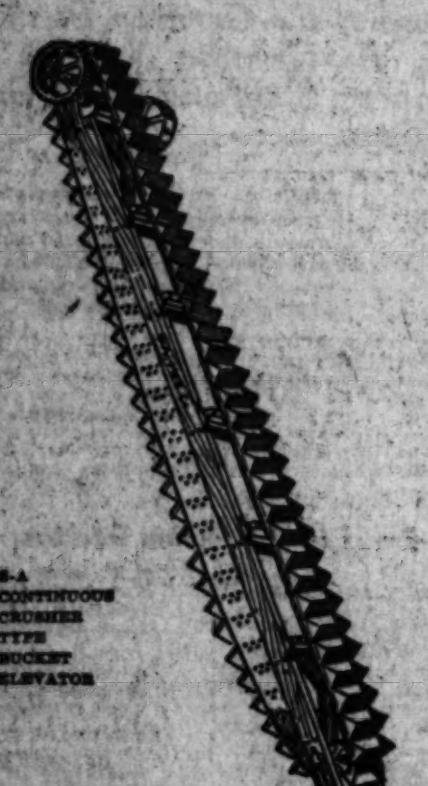

## Back of the Big Used Car Sales

Is the fact that the average man wants a special car for special purposes—a light car for monthly trips, a sturdy car for family use, a closed car for the rainy nights, a runabout for business. Bargain prices on Used Cars make the investment surprisingly small. See Times' Want Ads.

### STEADY PRICES RULE FOR OATMAN ISSUES.

Trading on the Los Angeles Stock Exchange dropped off sharply yesterday although a firm undertone was maintained in prices. The volume of sales fell to a small percentage of that recorded during some of the recent boom days. Oatman mining issues were again steady without any spectacular fluctuations to relieve the general dullness of the market. Oatman United advanced 1 cent to \$4, while Oatman Combination declined ¼ to 13 cents. San Francisco Gold, Big Jim Construction, and Telluride sold at unchanged levels. United American fell off 1 cent to 45 and Gold Dust advanced 1 to 38 cents. Union of California was stronger and gained 1-8, closing at 14 1/8. Southern California Edison common developed some weakness and closed 1-8 at a decline of 1-8.

Following are the closing prices and sales as posted at the Stock Exchange Building yesterday:

**SISTER JOHN IS MISSING.**

Aged Catholic Nun Thought to be Victim of Missoula Convent Fire.

(BY A. P. NIGHT WIRE.)

**MISSOULA (Mont.) Feb. 20.**—Sister John, aged 73, said to be the oldest Catholic nun in the vicinity, is believed to have lost her life in the fire which destroyed several buildings of the Ursuline Convent and St. Ignace's Catholic School at St. Ignace, near here, today.

\*\*\*\*\*

**BRITISH OFFICER IS SHOT FROM AMBUSH.**

**SERGEANT BADLY WOUNDED; NO REASON KNOWN FOR IRISH ATTACK.**

(BY CABLE-REUTERS DISPATCH.)

**DUBLIN, Feb. 20.**—Lieut. W. Mead, a British officer, was shot and killed and a quartermaster-sergeant was dangerously wounded while riding in an automobile with two other soldiers on Nassau street this afternoon. The Britishers were attacked by about twenty men. Lieut. Mead was shot through the heart, while the sergeant was wounded in the head and is not expected to live. Lieut. Mead's party was settling farmers' claims for damages against the military. The reason for the attack is not known.

Delegates to the Ard Fheis, or national Sinn Fein convention, which meets tomorrow, were already appearing in large numbers today. About 3000 representatives from all parts of the country are entitled to attend.

The ostensible purpose of the convention is to decide the future constitution of the Sinn Fein movement, but by the discussions and final vote will be revealed the comparative strength of the supporters of Eamonn de Valera and Arthur Griffith among the Sinn Fein clubs throughout Ireland.

It is widely believed that the convention will result in a complete cleavage, one side adhering to the Anglo-Irish treaty and the other to a republic. Some persons expect the convention to last only a day. If a split occurs, the question of the disposition of the party funds will become acute.

Most observers expect the voting to show a small majority for the Free State advocates.

**ARRANGE FUNERAL OF SENORA SUTTER.**

(BY A. P. NIGHT WIRE.)

**SAN FRANCISCO, Feb. 20.**—A request that as many members of the Native Sons and Native Daughters' orders as possible attend the funeral here tomorrow of Senora Nicolaus Sutter, daughter-in-law of Gen. John A. Sutter, founder of Sacramento, was issued today by the Grand Exalted of the respective orders here. Members of the Native Sons order will act as pallbearers, and all of the funeral services will be under the direction of the two organizations.

Senora Sutter died after appealing to the city of Sacramento to save her from utter destitution. The promised answer to her appeal came too late, however, to benefit her.

\*\*\*\*\*

**RESULT OF DRINKING POISON LIQUOR.**

(BY A. P. NIGHT WIRE.)

**SACRAMENTO, Feb. 20.**—Robert Sherman of Knight's Landing died at the County Hospital today; five men are lying in the institution without their sight, and several other men are nearly paralyzed, as the result of drinking poison liquor, it was said today by Dr. E. S. Louaux, superintendent of the hospital.

The liquor, it is said by city officials, is sold lawfully, although its poisonous nature is known generally. Appeals to some druggists in the city of Sacramento to discontinue sale of the stuff have been futile, it was said by city officials, who planned today to draft an ordinance prohibiting the sale.

\*\*\*\*\*

**HOT-WATER BOTTLES WHISKY CONTAINERS.**

(BY A. P. NIGHT WIRE.)

**BOSTON, Feb. 20.**—Hot-water bottles were used as containers for moonshine bootlegging traffic that supplied dances here for several weeks, the police have learned. In a raid on a house where they found thirteen gallons of moonshine and several barrels of mash they discovered a number of hot-water bottles suspended on a line to dry.

\*\*\*\*\*

**FOR VENICE SEWER.**

**Bosch City Board Authorizes Quarter-Million Bond Issue.**

The Venice Board of Trustees last night ordered a \$250,000 sewer bond issue to be placed on the ballot at the general election April 10. The sewer will be built according to the specifications of the engineering firm of Keobig & Keobig. The plan provides for an outfall sewer to the sea, with siphon tanks, the sewer line to parallel the present system. The project has been under consideration several months.

\*\*\*\*\*

**AVIATORS INJURED.**

(REUTERS DISPATCH.)

**SAN DIEGO, Feb. 20.**—Lieut. Commander William Maack and Gunner John Reuschel, attached to the air squadron of the Pacific Fleet, were injured this afternoon when they made a forced landing on the golf course of the Coronado Country Club during a rainstorm. The plane, a large De Havilland, was wrecked.

\*\*\*\*\*

**MRS. EMILY WALKER.**

(BY A. P. NIGHT WIRE.)

**SAN MATEO, Feb. 20.**—Emily Walker, 75, pioneer resident and widow of Cyrus Walker, a millionaire California lumberman, died today after an illness of four years. She had resided in California more than sixty years.

POPULATION [The Federal Census—1920—2,485,000]

## FLOOD CONTROL BONDS URGED IN BAKERSFIELD.

Building of Levees to Hold Kern River in Check Advocated as Safety First Measure.

Pursuing the policy of "safety first," the city of Bakersfield is making preparations to vote bonds for a levee system planned to permanently control the Kern River. The Bakersfield Civic Commercial Association, it became known yesterday, has had Quinton, Code & Hill, consulting engineers of this city, prepare an exhaustive report, which, it is expected, will figure prominently in a bond election to be held soon in the Kern county capital to decide the questions of Kern River flood control.

It is the intention of the association to ask the people of Bakersfield to vote \$150,000 bonds with which to pay for the construction of levees three miles in length, which, according to the engineering plans, would stand between the city of Bakersfield and the Kern River for years to come. The levee would average six feet in height and would extend from the high mesa east of Bakersfield to a point north of the Kern County Hospital, which is at the west end of the city.

Bakersfield is peculiarly situated as to flood conditions. It lies due south of the Kern River, which runs east and west at that point and empties into Buena Vista Lake. It is an engineering fact, it is pointed out, that the heart of the business district in Bakersfield is ten feet lower than the bed of the Kern River at a point one mile north of the city.

The report points out that "the drainage area of the Kern River is one of the largest of the streams draining into the San Joaquin Valley. The north fork drains very high mountains and consequently is the main contributor to the summer floods. The south fork is supplied from an equally large share of the total drainage area, but the mountains are much lower in altitude.

"During the winter snow falls on the entire drainage area of the Kern River and then, as happened in 1914 and 1915, very heavy rains may occur on the lower mountains and large quantities of the snow will melt, causing floods in the south fork and all of the lower tributaries of the river.

"The floods of 1914 and 1915 were by their very nature short in duration but were of enormous magnitude to have caused tremendous damage to the city of Bakersfield should a break have occurred in the present system of protection.

"The city is situated on the low mountains about thirteen miles above Bakersfield the river flows between high mesas to a point close to the city where the mesa terminates and the flat valley lands begin. Numerous high channels radiate out from a point near the northeast edge of the city; and ever since settlement of that region by the pioneers the main channel of the Kern River has fluctuated over wide limits and parts of the city have actually been flooded.

**DEPEND ON CANALS.**  
"The city now relies for protection from flood waters of the Kern River solely on the banks of the irrigation canals which parallel the river. In many places these canal banks are not of a height sufficient to withstand a flood much in excess of those which have occurred twice in the last eight years," the engineers say.

"It is to guard against a greater flood, to be expected within a reasonable term of years," says the report, "that the city now plans to provide adequate protection not only to the main part of the city but to a certain addition across the river which frequently suffers damage from the stream. The system, which will be recommended to the voters of Bakersfield, it is expected, involves the construction of approximately three miles of new levees along the Kern River high enough to withstand a flood more than 50 per cent greater than any previous flood, and wide enough to provide for the construction of a boulevard along the top of the levee.

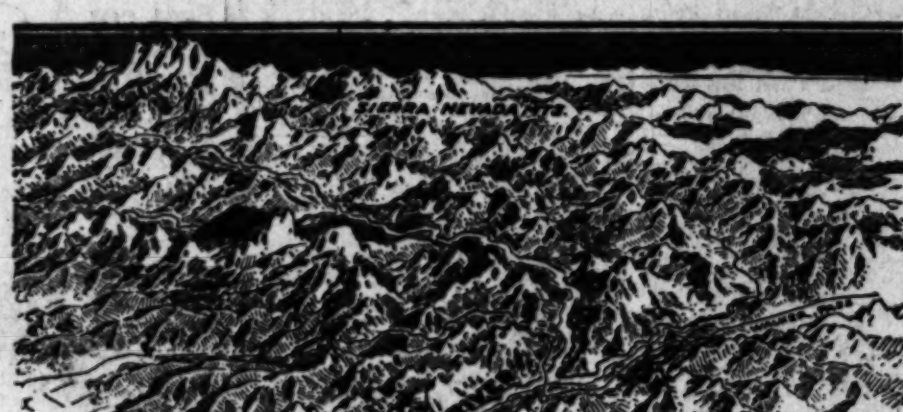

**TO RAISE BANKS.**  
"The remaining two miles along the left bank of the river are to be protected by the existing canal banks which will be raised and strengthened. Across the north side of the Kern River, there have been for some years a comparatively small levee, which, whenever the river reached more than normal flood stage, was overtopped or breached and allowed the flood waters to pass over considerable areas of land on the north.

"To prevent this flooding and the attendant interruption of communications over the State Highway into the city from the north, this levee will be raised and strengthened, thereby compelling the waters of the Kern River to follow a course between the levees. To enable the river to easily follow this channel a certain amount of work will be done to clear out and widen the channel.

"Construction of these new levees near the actual channel of the river will enable several hundred acres of land to be reclaimed for beneficial use," it is said. "It is pointed out in the report that the city is in this true on the north side of the city where about 200 acres of land will be available for the development of a beautiful municipal park."

**WILL ASK PROBATION.**  
Jury Recommends Leniency For Mrs. Julia Johnston.  
Mrs. Julia Johnston, who was convicted of manslaughter by a jury in Judge Avery's court yesterday, will apply for probation when she comes before the court for sentence today, her lawyer stated yesterday. The jury recommended leniency for the young wife who shot and killed her husband, T. P. Johnston, whom she declared was a bootlegger and gambler. She further stated he was brutal to her and that he feared him.

## To Erect Barriers Between City and Stream.

The levee would reach from the high mesa on the east to a point beyond the Kern County Hospital at the western edge of Bakersfield. For years the city has been subjected to danger of flood because the center of the business district is ten feet lower than the bed of the Kern River one mile to the north. The accompanying sketch by Artist Charles H. Owens shows the course of the Kern River as it flows from east to west at the north of Bakersfield. The spot marked "A" is the heart of Bakersfield, which is ten feet lower than the spot marked "B." The arrow "A" shows the line of the proposed levee. The levee to the left will fulfill the triple function of protecting the agricultural land, preventing washing along the State Highway and relieving the strain on the larger levee system by promoting stream erosion.

**ARRAIGNED IN POSTAL THEFT CASE.**  
Man and Woman Arrested Here in Connection With Million-Dollar Steal.

Everett C. Lewis and his wife, Lillian Lewis, of 1644 East Thirty-second street, were arraigned yesterday on a conspiracy charge involving the looting of a mail truck in Toledo, O., on the night of Feb. 17, 1921. They were committed to the County Jail in lieu of \$50,000 bond each. The complaint on which they were arrested earlier in the day was signed by Postoffice Inspector Gellar.

The arrests came as a result of the arrest of Edward O'Brien, with a dozen aliases, under indictment in Toledo, on the charge of being engaged with five others, in the robbery of the mail truck that netted almost \$1,000,000 in cash and Liberty Bonds.

After the hold-up, it is said by postoffice inspectors, O'Brien came to this city, and has since made his home with the Lewis family. It is further declared by the Federal officers that Lewis and his wife are members of the national wide gang of mail robbers which was so active until the marines went on duty.

Local postoffice inspectors say they have evidence linking Lewis and his wife with an international yegg gang. It is known that O'Brien made his home with them for months ago he opened a gas station at Tenth street and Western avenue. Both O'Brien and Lewis appear to have been plentifully supplied with money ever since their arrival in this city, about one year ago.

**Limited Time Left for Gifts to Molokans.**  
With the sailing of the ship bearing supplies for the relief of the famine-stricken people of Russia, scheduled for the 25th inst., only a few days remain for making donations of clothing and nonperishable foods to the local Russian Molokan Relief Society. Supplies are being assembled at the warehouse of the society, 173 South Utah street. Meanwhile cash donations will continue to be received by the Times to be forwarded to the American Relief Administration for application to the needs of the Molokans of Russia by special arrangement with the board of directors of the society. Checks should be made payable to The Times. The fund here reached a total of \$366.21 yesterday when \$25.59 was received from J. E. Leach, R.F.D. No. 2, Pasadena.

**KLAN LOSES SUIT.**  
Ku Klux Refuses to Amend Its Damage Case Complaint.

The \$100,000 libel suit of the Knights of the Ku Klux Klan against the Evening Express went by the board yesterday when the Klan refused to amend a third complaint. Presiding Judge Willis gave judgment in favor of the Express and allowed \$100 attorney's fees.

**HOLD THREE INQUESTS.**  
Coroner Nance Inquires Into Death of Men at Harbor.

Inquests into the deaths of three men in the Los Angeles Harbor district were held at Goodrich Undertaking Company's parlors at San Pedro yesterday by Coroner Nance. The inquests were over the bodies of G. I. Allen and E. K. Olson, who died as a result of a collision between a Pacific Electric car and Altier's automobile near Torrance Saturday, and John Jacobson, a longshoreman at Los Angeles Harbor, killed aboard the steam schooner Florence Olsen Thursday, when a cargo boom carried away.

## SHOWERS DRIFT IN FROM NORTH.

Heaviest Precipitation Hits Sierra Madre.

Ridge Route Open Despite Fall of Snow.

Flood at Merced Closes State Highway.

**PEN POINTS**  
De Valera still refuses to get the hand wagon.  
Prohibition barometer reading: The number of convictions in cases is increasing.  
With a severe winter, England's China that country is having trouble with its "open door."  
Rush T. Canis has gone into the white-mountain business up in the Valley. Names in sum.  
And we can well wonder at a composing rule was sufficient to get any printer into a show.  
Looks like the old times down Mexico—the shooting up of the who are opposed to the present.  
President Obregon is making noise like the late Porfirio Diaz. There appears to be a barometer in his gloved hand.  
Looks as if Southern California would have one of the old United States district judges in line, boys, don't dare.  
The New Jersey dry law has been pronounced unconstitutional by the Eighteenth Amendment still holds, we understand.  
The children's still being seen at the old stand in business judge by the latest reports, a Kilkenny cat fight, to be seen.  
Reports from France are to effect that the latter is becoming extinct. This will be a blow to newspaper reporters.  
Lillian Russell is still over the immigrants in the countries, but the chances are the latter are doing the best thing.  
Former Vice-President McNamara has no desire to enter Senate. Possibly the last year Indians may have a deterring effect.  
Tom Watson is at it again, wants Secretary Mellon removed. It is almost as easy to get fired as it is the French Chamber of Deputies.  
Wireless has made such progress of late that we may yet have the Cabinet a Secretary of the and every town will have its distaffable officer.  
Sarah Bernhardt will make other farewell tour of the States. What a team this woman and Col. William played. Bernhardt would make song and dance!  
President Harding is planning trip to the Pacific Coast in 1922. It is believed that by that time he will be possible to try some Democratic officeholders at Federal Building.  
Whenever a good many people get out of ideas in writing a story, they simply say, "etc., etc." once know a man back in Ohio who he got over his head in writing something, would write with "or words to that effect" that means he let himself go easily. Try it.  
Unless the Lenin representative at the Genoa conference wear a haircut (they will be) they will fool their colleagues. It is that they are the best blood of the but it has been our idea that scattered on a number of the walls within the one-time scene.  
Secretary Hughes has been nominated for a few weeks now has well earned it. The man will go down into history as one of the really big men in his country's position. His speech at the opening of the House in Washington was a thrill from Europe from which it has been recovered.  
**IN HIS OWN TIME**  
On each of the days of the earth. And its millions wherever the sun rises and sets. The sun and God. From over the wide world to uttermost bound. Are a multitude rank, the world the strong. A full hundred thousand men the great throng.  
Each cycle of hours, from the dawn of the day, Till the time when in play the sun reappears. While we tread the path of duty and toil. This army of souls close earth's career. The call is for them, yet some will be. The summons, my friend, for and for me.  
And why are we spared to see the task Assigned unto us, what are we bid? 'Tis known to our Father, our His good time. Our journey shall end. When comes the first call, whom shall it be? Will God in His providence you or me?  
God grant every day in our and toil. We may bend our whole care and life. With little concern what the poses are. But willing to serve or strive. And when with the earth and duties we're through. May peace, through, await me and you.  
FREDERICK S. STUBBS

**Imported Beaded Bags**  
Only a few to sell at this ridiculously low price, so come early.  
**\$6.95**  
Store Open All Day Saturday  
(Main Floor)

**Smartly Tailored Blouses at \$15 to \$18.50**  
  
ARE made by hand, if you please! From heavy crepe de chine—which is doubly desirable when hand-finished.

**Rows of Drawnwork**  
Or hemstitching are done by painstaking hands, as well as the rest of the blouses. Tucks are hand-run.  
**Collars and Cuffs**  
Are hand-finished; some blouses feature, in conservative fashion, Irish or fine filet laces.  
**The Bramley Collar**—or an open neck model with all collars, prominent for fashion. Blouses in white or beige.  
(Third Floor)

## NEW DUNKLEY

## PEACH PEELING MACHINE

Restores Flavor and Quality  
to California Canned Peach

Oakland, February 20.—It is no longer necessary for the canner to immerse and boil his peaches in strong lye in order to peel them. The best perfume and flavor of the peach lies in and immediately under the skin. A new, improved peeling machine, invented by S. J. Dunkley, the veteran inventor of canning machinery, merely passes the peach or apricot through a steam vapor made by heating a solution of caustic soda under pressure. The peach is in this vapor compartment of the machine only thirty seconds, then is carried along into the water spray peeling compartment, where it passes between gentle sprays of clear, cool water, and the softened peel removed. The short length of time the peach is in the caustic vapor does not destroy the flavor, sugar content or color. As all California peaches are halved and pitted before peeling, the fruit goes direct from the peeler to the grader and the cans. The cans are filled with peaches, syruped, closed and cooked.

The largest size machine will peel 10,000 50-lb. lug boxes of peaches in ten hours, with one man operating. The work of this machine is superior to that of the hand peeler, in that it gives more cases of packed fruit to the ton of peaches peeled, higher grade, and all the flavor, color and quality possible. The reports from the canners where it is installed are very interesting. George E. Hyde & Co., Campbell, California, canners of "Sunny-side Brand" of peaches and apricots, says: "The quality and better grades of our pack were increased fully twenty-five per cent. Peaches perfectly peeled. We averaged nearly 47 cases of packed fruit to the ton of fruit peeled—several cases better than we had done heretofore."

The statement of the Pacific Coast Canning Company, Oakland, California, shows that the gentle handling and scientific work of the new machine yielded them 6 1/2 cases, of 24 2 1/2-lb. cans each, more to the ton of peaches peeled than their old machine—an increased earning of over \$11.00 per ton of fruit packed, or \$40.000

A nation-wide advertising campaign is contemplated calling attention of the buyers and consumers to the superior quality of "DUNKLEY PEELER" canned peaches. The consuming and grocery trade is immensely interested as, if the peaches they handle have brown, burned by spots, are ragged, have poor color, insipid flavor and cloudy syrup, it invariably spoils trade that has taken large expense and pains to build up.

## Questioned in Taylor Murder Case.

Daniel O'Shea (center) With Detectives.

On left is Detective Chester Lloyd. The third man is Detective Grant Roberts, Jr. Mr. O'Shea was released after a two-hour session with investigators of film man's death after officials became convinced he knew nothing of crime.

## AGAINST A "STONE WALL."

Detectives Baffled; Chauffeur Suspect Eliminated;  
Other Clues Fail in Film Mystery.

With the elimination of Daniel O'Shea, a taxi driver, who had been sought for several days by the police in connection with the investigation of the murder of William Desmond Taylor, film director, the investigators again found themselves "up against a stone wall" last night in their search for a solution of the crime.

Mr. O'Shea, who had been missing since the night Mr. Taylor, noted film director, was shot in the back, was positively eliminated from the investigation after he walked into Central Station yesterday volunteered to explain his disappearance.

O'Shea disappeared on the night of the 1st inst., and was reported to the detective bureau at Central Station by a young woman representing herself as his wife. His room was searched and an old revolver and three cartridges were found by the detectives. Other circumstances surrounding his disappearance caused some of the investigators to believe he could throw some light on the Taylor mystery. Other excited persons went so far as to hint that he had direct knowledge of the slaying.

The O'Shea clue "blew up" after Chief Det. Dist. Atty. Doran had questioned him for two hours. He was interviewed by the officials during the morning hours, and again in the afternoon. At the conclusion of the interview he was released from custody. Mr. Doran stated that Mr. O'Shea would not be questioned further. The suspect's story had been taken in shorthand by a court reporter. Other than this, Mr. Doran refused to make any statement that might assist in clearing O'Shea's name.

Detectives Lloyd and Roberts, who had been working on the O'Shea angle for many days, admitted that their "clue" had been completely shattered and abandoned. That O'Shea was only a victim of circumstances, and knew nothing of the Taylor murder other than what he had read.

**WATCH CLEW FAILS.**  
For a while yesterday it was hoped that a clew would be obtained from Taylor's watch, which is now in the possession of Public Administrator Bryson. Not until more than two weeks after the murder had any attention been paid to the watch.

By the hands on the watch Under Sheriff Bicalaus and Deputy Sheriff Dewar had hoped to determine the exact time of Taylor's death.

death. If the watch had completely run down it would indicate that it had probably run down on the morning following the murder. If it was only partially run down, or had stopped by some defect in the works, the officers believed this would indicate that the hands had been stopped by a jolt that could have been caused by Taylor's body falling to the floor.

**OTHER CLEWS ABANDONED.**  
Other phases of the investigation were at a standstill during the day. Dist. Atty. Woolwine was absent from his office since morning, and the majority of detective sergeants on the case were detailed to other duties or were reported ill. Undersheriff Bicalaus and Deputy Sheriff Dewar took up the trail of several angles, all of which, they later reported, led nowhere.

As the case stood last night, though twenty days have expired since Taylor was murdered, not a clew existed upon which the investigators could base any hope of ever solving the murder.

**DENIES LOVE TANGLE.**  
Passing through Chicago last night, on his way to New York, Mack Bennett, producer of the films in which Mabel Normand has been featured, was quoted in a dispatch as asserting that Taylor was not killed because of a love affair.

"Every fact that surrounds that mystery points to a man," he stated. "Edward F. Sands, former valet of Taylor, holds the solution to the murder. If Sands did not commit the crime, he knows who did."

"There was no love tangle or triangle. All these stories of a star's revenge for unrequited love, dope parties, jealousy, etc., might make good movie plots, but they are not the facts."

The Home of the Victrola

divert the attention from the main path leading to the murderer. "The idea that a woman shot Taylor is ridiculous—a theory entirely unsupported by the facts."

"Miss Mabel Normand is a lovely girl. She is honest, generous to a fault and more given to charity than any other girl of her years I have heard of. It was unfortunate that Miss Normand and her chauffeur should have been the last persons to see Taylor alive. The friendship between her and Taylor was a fine thing, because it was such as a gentleman would offer. She is extremely depressed now, due to the natural reaction from grief and shock."

From Kansas it was learned that Walter R. Underwood, wanted here on a charge of embezzlement and who was the first man arrested on suspicion of being Sands, is to be extradited to this city for trial. Underwood was taken from a transcontinental train several days ago, suspected of being Sands.

W. H. Jordan is  
Stricken by  
Heart Failure

William H. Jordan, Jr., of Baxter and Jordan, wholesale lumber dealers, died suddenly last night at his home, 411 South Westmoreland avenue. He was seated in the drawing-room with his wife and daughter when he succumbed to what appeared to be a disorder of the heart. Mr. Jordan was a nephew of Secretary of State Jordan of California.

Mr. Jordan was born in 1881, in Oakland. He was with Baxter & Co., lumber dealers of San Francisco for some years, and in 1916 came here and became a partner in the firm Baxter and Jordan. His offices are in the Central Building. He leaves his widow, two daughters, the Misses Margaret and Willis Jordan, and his father, William H. Jordan, attorney of San Francisco.

HURLEY TO ARRIVE  
TODAY FOR SPEECH.

FORMER SHIPPING BOARD  
HEAD WILL ADDRESS ANNUAL COMMERCE DINNER.

Edward N. Hurley, former chairman of the United States Shipping Board and president of the United States Emergency Fleet Corporation during the World War, will arrive here today and will be the principal speaker tomorrow evening at the annual Chamber of Commerce banquet at the Ambassador Hotel. He is one of the foremost authorities on shipping, international trade and ship construction.

Other numbers on the program for the Chamber of Commerce meeting include the report of President John D. Fredericks on the results of his recent trip to Washington, D. C., and a victory by retiring President Sylvester L. Weaver. Henry M. Richardson, of the First National and the Los Angeles Trust and Savings banks, will be co-master.

Secretary Virginia yesterday urged all members to make their reservations today, because the offices of the organization will be closed on Washington's Birthday anniversary. More than 1000 members are expected to attend.

The largest single subscription for the Chamber of Commerce gold notes of \$100 each in the new building campaign came yesterday by telegraph from New York. It was from E. L. Doherty, oil operator.

A meeting of team captains at noon indicated that excellent progress is being made. Three of the teams already passing their quota. The reports showed that the team ahead in the race for a silver cup to be given for the largest amount of money raised has \$29,000 to its credit.

ATTRACTIVE SUMMER  
RATES ARE OFFERED.

Passenger traffic officials of the three steam roads operating here announced last night that summer excursion rates to points between here and Chicago will be in effect this year between June 1 and August 31. The rates will amount to approximately a fare and one-tenth for the round trip, with Chicago given as the farthest destination.

The Heaviest Expense of Washday  
—what is it?

Today the housewife knows that the actual cost of washing in the home—the expenditure for fuel, soaps, starch, perhaps for a laundress—is the smallest item.

She is beginning to realize that she herself pays—and dearly. The frantic rush of wash-day—the all-too-real burden of washing, rinsing and wringing—the fatiguing hours spent over the ironing board—all exact a price which the modern woman knows she cannot, in justice to herself and her family, afford to pay. The real drain is not upon her purse, but upon her person.

Our modern Family Laundry Service means true washday economy for you. Your family washing is cleaned to meet the

standards of the most particular, your flat pieces are beautifully ironed—only the lighter articles, dainty blouses and lingerie, are left for you to finish.

It would be the poorest sort of economy to age and worry yourself to the point of illness, when right at hand—as near to you as your telephone—is this service of ours that is so specially fitted to take over your domestic problems. We do all the heavy washing, and much of the ironing, leaving to you only the finishing of the lighter pieces.

Telephone one of the modern steam laundries in your community today, and find freedom from strain and expense of the home washday.

## CHARLEY WHITE DEFEATS WILLIE JACKSON IN 15 ROUND BATTLE.

### BOXER EARNS RIGHT TO MEET BENNY LEONARD.

**Chicago Southpaw Lightweight Defeats New Yorker Hard Tussle in Gotham Ring.**

BY HARRY NEWMAN.  
(EXCLUSIVE DISPATCH.)  
NEW YORK, Feb. 20.—Charley White, the Chicago light-heavyweight, has earned himself a complete victory over Willie Jackson, New Yorker, in a hard-fought battle in the Madison Square Garden tonight.

White gave the local boy the beating of his life and at the same time, during the proceedings it looked as though White would be a knockout. In the thirteenth round White knocked Jackson down twice. A left-hand hook to the jaw took down for a count of four for the first time, and Jackson rose White toppled him over again with a right hand for a count of five.

White's right to the chin sent Jackson spinning just as the referee counted to ten. The fight was a real tussle, and the crowd was on its feet. White's victory was a real one, and he has earned the right to meet Benny Leonard.

White's victory was a real one, and he has earned the right to meet Benny Leonard. The fight was a real tussle, and the crowd was on its feet. White's victory was a real one, and he has earned the right to meet Benny Leonard.

### ZBYSZKO SAYS HE MAY RETIRE.

(BY A. P. WIRE.)  
NEW YORK, Feb. 20.—Stanislaus Zbyszko, world's heavyweight wrestling champion, plans to retire undefeated in May and to place his title in the care of his younger brother Wladek.

### O'Hara in Tie With Bowden for Golf Lead.

(BY A. P. WIRE.)  
HOUSTON (Tex.) Feb. 20.—Pete O'Hara of New York and George Bowden, Cincinnati, were tied for first place today in the professional tournament staged here as the opening event of the Houston Club Midwinter Golf Tournament.

### Look Out Below.

Seventeen players responded to the call, but as the grounds were awash without a sump in sight, the athletes took refuge on a limb, and were still there at the latest report.

### VERNON HOPES ARE DAMPENED.

**Show Up for a Workout, but Only Get Wet.**

**Driest Thing Around is the League Schedule.**

**Quit a Herd of Talent at the Initial Reunion.**

BY HARRY A. WILLIAMS.  
When Bill Ewald woke up yesterday morning he would have traded his spring training prospects for a Noah's ark, and he hasn't since had reason to change his business view.

Like other documents, this character it runs almost entirely to figures. As a narrative it is dull, prosy and totally lacking in charm. In preparing it, the members of the schedule committee have shown themselves to be mathematicians of considerable ability, but poor descriptive writers. They signify fail to sustain the interest of the reader, although the theme is unbroken.

### NO LIGHT SEEN.

This schedule has none of the artful touches and subtleties that mark the work of our best literary writers. There is no word-painting, no flights of rhetoric, no accents among the intellectual snow mountains, no note of human interest, and it seems to offer no hope to a sin-cursed world.

As a literary production, the P. C. L. schedule for the present year may be said to rank with our best calendars and, placed in the curriculum of our business colleges, would develop the students intellectually to the point of brain fever.

### A COINCIDENCE.

However, not until it is dramatized and placed on the diamond starting April 4, will the production be fully appreciated. By a strange coincidence, each club meets every other club four times. This is regarded as a very happy arrangement, and it is very doubtful whether it could be improved upon.

### GIANTS TO SELL BARNES, DOUGLAS.

(BY A. P. WIRE.)  
NEW YORK, Feb. 20.—Pitchers Douglas and Jesse Barnes, each of whom won two world's series games for the New York Nationals last fall, today were placed on the market "to be disposed of to the club offering the best inducement."

The proposal to sell the players was unexpected in National League circles. Charles Stoneham, president of the club, said that after it was decided to get rid of Barnes and Douglas several tempting offers were received, but declared the owners would wait until Wednesday to announce which they would accept.

Douglas and Barnes were the only Giant pitchers who had signed 1922 contracts, but this fact, Mr. Stoneham said, was not the reason they had been placed on the market.

Douglas was one of the Giants' best pitchers last year, while Barnes, who had trouble with his arm during the regular season, proved an ace in the world's series.

### AUTO RACE OFF UNTIL SUNDAY.

**Stormy Weather Spurs Up Speedway Officials.**

**Classic Originally Scheduled for Tomorrow.**

**Pilots Glad of Chance for Further Practice.**

Announcement was made yesterday afternoon by A. M. Young, secretary of the Los Angeles Speedway, that the 164-mile championship automobile race scheduled for Washington's Birthday had been postponed until next Sunday.

**SPORT SHRAPNEL**  
By HARRY A. WILLIAMS.

No event in recent years has caused more comment and conjecture than the appointment of Glenn (Pop) Warner as advisory coach at Leland Stanford University.

Not all this comment is commendatory, although critics for the most part believe it will greatly strengthen the Cardinal chances. One Pittsburg sporting writer foresees the employment of Jack Sutherland at Pitt, which, he says, will be the start of a graduate coaching system at that university.

That Warner should be held to the fulfillment of his contract at Pitt, which has two more years to run, is the contention of one writer. Another, who for the most part strikes a minor chord when writing of the Warner move, and its ramifications, says that he should be released at Pitt immediately. This writer goes so far as to assert that Warner is slipping, and holds him responsible for the loss of Kerr, his logical successor at Pittsburg.

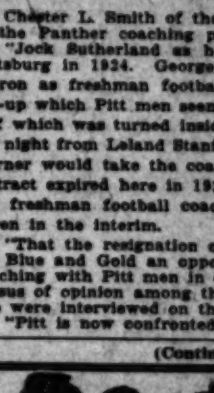

Chapter L. Smith of the Pittsburg Dispatch comments as follows on the Panther coaching problems:

"Jack Sutherland as head football coach at the University of Pittsburg in 1924. George McLaren, possibly, as his assistant. Pat Herron as freshman football coach, starting next fall. That is the line-up which Pitt men seem to favor to replace the Panther coaching staff which was turned inside out by the announcement last Wednesday night from Leland Stanford University, Palo Alto, Cal., that Glenn Warner would take the coaching job at the western school when his contract expired here in 1924 and Andy Kerr, now varsity basketball and freshman football coach, had signed to instruct the Cardinal eleven in the interim.

"That the resignation of Warner, while regretted here, will give the Blue and Gold an opportunity to install the graduate system of coaching with Pitt men in charge of Pitt teams seems to be the consensus of opinion among the scores of university men big and small, who were interviewed on the subject yesterday.

"Pitt is now confronted with the problem of filling three coaching positions."

(Continued on Second Page.)

**WHAT MAKES A TIRE ECONOMICAL?**

Two things determine whether or not the tire you buy is an economical tire. One is the amount of value built into that tire by its maker. The other is the amount of mileage taken out by you.

With its Los Angeles factory a part of the largest tire-building organization in the world, with great buying power, with modern equipment and processes, Goodyear can build tires to sell at as low a price as anyone can.

But instead of building tires as cheaply as possible, Goodyear builds them as good as possible, putting into them the greatest possible value.

Goodyear is not content, however, merely to build the best possible value into Goodyear tires. Through Goodyear Dealers a sincere effort is made to help Goodyear users get out of these tires all the value the factory has built into them.

As a result, Goodyear users enjoy from Goodyear tires not only greater tire satisfaction and less tire trouble, but lower final cost.

Because of this lower final cost, more people ride on Goodyear tires than on any other kind.

Goodyear Service Station Dealers believe, as we do, in the Goodyear combination of good value plus good service.

The Goodyear Service Stations here in Los Angeles will be glad to show you how to get greater mileage and greater economy from your tires.

**GOOD YEAR**  
"Less Angeles Made for Western Trade"

### SHOOT CLASSIC ON AT VERNON.

The loud crack of the double bore, "Long Tom," and the "Pumps" will indicate today at the Vernon Gun Club that the year's greatest trap-shooting classic, the midwinter registered handicap, will be going on in full blast.

Starting off with the practice-day event of 100 targets today, the big shoot will continue to and including next Sunday.

### POSTPONE MIDWICK POLO TILT.

**Deferred Contest Between Picked Quartets May be Held Tomorrow.**

BY ED O'MALLEY.  
The fact that a wet overcast Southern California yesterday rendered the Midwick polo field too soft for play and it was decided by the management to postpone the game scheduled for this afternoon.

### PONIES ARRIVE.

In the meantime, the many players that are on the scene will have to nurse their impatience until fair skies hold sway again.

### FADDOCK WHISPERS.

Johnny Baxter sitting with graceful ease on his dashing white charger was a busy agent last Sunday along Grand Park way.

### WOLGAST FACES COLIMA.

Hailing from the wilds of Michigan and reported to be a tough opponent for any 155-pounder over the four-round route, Johnny Wolgast, former lightweight champion of the world, will tackle Bert Colima, the Whittier sensation, in the main event of the weekly boxing card at the Vernon Arena tonight.

### ROMONOFF GOES ON TRAIL OF ALL GRAPPLERS.

Constantine Romonoff, who threw Jack McDonald, champion of Canada, at the Union League Club's gymnasium last week is on the way back for all comers in the heavy-weight wrestling line.

### GIANTS TO SELL BARNES, DOUGLAS.

(BY A. P. WIRE.)  
NEW YORK, Feb. 20.—Pitchers Douglas and Jesse Barnes, each of whom won two world's series games for the New York Nationals last fall, today were placed on the market "to be disposed of to the club offering the best inducement."

# High School Basketball Gives Dying Gasp; Schedule Complete This Week.

## CITY LEAGUE CASABA SEASON ENDS FRIDAY.

**Manual-Pasadena Game Will Feature Program; Hollywood Supporters Rooting for Bulldogs.**

Basketball season in the City League will give its death rattle Friday afternoon when the final rounds in the 1932 schedule are played. Pasadena's fracas with the league-leading Manual Arts five is holding the popular interest, while the rest of the games will not cut much ice as far as determining the title holder is concerned.

Hollywood will wind up the season by giving Poly's basket shooters a lesson in the sport on their own floor. Lincoln will tackle L. A. High's skyrocketing quintet on the Pioneer's outdoor court, and Jefferson will be at home to Long Beach, but the eyes of the majority of basketball fans will be on Pasadena's canna palace and the Teller-Building scramble that it will house.

Having lost to Manual Arts last week, Hollywood's only chance for the title rests on the ability of the Pasadena team. If the Bulldogs do the unexpected and win from Manual Arts' undefeated aggression, Hollywood will win the title by the difference of a fraction in the percentage column, providing, of course, that Poly doesn't come to life and slip one over on the Footfillers. Consequently supporters of the Red and White are praying devoutly for a Pasadena victory, which wouldn't do the Bulldogs much good, but which would drive the championship laurels over to the Movie City institution.

### MORE EXCITEMENT.

Lightweight honors are also at stake, for in case Jefferson trumps the Long Beach skaterweights, the winner of the Poly-Hollywood

midnight brawl will annex the title. The fact that Jefferson's youngsters tripped up Pasadena by a 29-15 score, and the Bulldogs in turn nipped out the Senators 15 to 16 seems to give Jefferson an edge on the dopes by a matter of some seven points, but it will be a hard struggle wherever comes out smiling.

One of the best games of the day will undoubtedly be the light-weight tussle between Poly and Hollywood. These two teams, tied at present for second place, are about as closely matched as any squads that have collided this season, and will undoubtedly keep each other busy. Poly has Wren and Hollywood has Toy and Duckett to depend on and a lively scrap should result.

**BOLD BOWLING TOURNAMENT.** An all-day bowling tournament will be held at the Hollywood Alleys on Sunday, March 5, it was learned yesterday from Osa Gregg, boss of the T-Done Riley team.

**CUBS BEST SCORING FIVE.** The Southern Branch basketball five, champions of the conference for the past two years, proved to be the best scoring machine in the room when it came to a close Saturday evening. The Cubs in their ten games amassed a total of 304 points, a little better than thirty markers per game. At the same time their opponents were gathering a total of 178 digits, or a trifling over seventeen points a game. This is the margin by which the Cubs won most of their games. By holding their opponents to the low score of seventeen points a game the little Bears also proved themselves the best defensive team in the league.

Whittier comes second, both in points scored and on the defensive side of the ledger. The Poets scored a total of 246 points as against 175 for their opponents. Thus it is seen that the Quakers were very close to the champions in the matter of defensive play, although the small condition of Whittier's gym accounts to some extent for the low score of her opponents.

**HIGH AVERAGE.** Redlands turned in an average of a little better than 24 points per game, their total for the season being 247, as against 255 for opponents. Caltek, although finishing below the Bulldogs in the actual standings, was able to hold her opponents to a total of 223 points, at the same time scoring 201 markers.

Pomona and Oxy, the hard-luck teams of the league, both battled high on the side of the sheet which showed opponents' points. The Tigers were a little better than the Senators in the matter of defense, holding their opponents to a total of 248 markers, while the Po-

**HOT SHOTS BY WILLIAMS.** (Continued from First Page.)

ing vacancies—head coach of football coach of freshman football and varsity basketball coach.

"The combination of Sutherland, McLaren and Harren meets with almost unanimous approval of Pitt men. They declare that they have long favored the installation of the graduate system of coaching, saying that it would effectively prevent just such an upheaval as has come this time, and that results generally would be much better than with outside men in charge of the teams."

Harry Keck of the Gazette has the following:

"Glenn Warner, head coach of the University of Pittsburgh football squad, will be head to his contract, which still has two years to run, and at the conclusion of that time, a graduate system of coaching will be installed at the local institution."

"Kerr will remain to finish the basketball season and also will coach track at Pitt. He has had a long and distinguished career as an athletic coach. He coached at Johns Hopkins High School from 1904 to 1906, and then coached for a number of years at Pittsburg High School. He has been in charge of the Pitt freshman football squad and the varsity track team since 1915, and was appointed varsity basketball coach for this season, which has been an exceptionally successful one for the Panthers."

"There is genuine regret at Pitt because of the unexpected loss of Kerr, who was held in high regard by all persons connected with the institution. It was not known until shortly before announcement of his acceptance of a contract with Stanford that he was negotiating for the position, and it is a good bet that some way would have been found to retain him here if the university had had the chance to compete with Stanford for his services. There is little doubt he will make a good coach for Stanford."

Regis M. Welsh of the Post thumps his typewriter with a mailed fist when discussing the Warner switch:

"With all due credit to Warner, his work here has been the best of any coach in the country, his 1916 team a monument which will endure in football history, and the other's superior of most schools looked upon with the blink of an eye. His record of success, the paramount factor of his success with the Carlisle Indians, has been carried along here. Last year he began to weaken. Then the alibi; the players, the training table and the individual actions of these under him. Not a word that there were no new players brought out; not a word that he had frowned upon the play of a loser, who can win with grace but forgets sportsmanship when beaten."

"Pop has given Pitt good service, so much so that the old basketball rule of unconditional release would have held good in his case. But instead of that he chose to indulge in questionable dealings, violate his contract here and entice from the local school the only logical man to succeed him."

"Warner's victories will live long in memory. But they are overshadowed by his latest action. The proof that he was dissatisfied here is that he accepted the new job. And if such is the case, Pitt will make no mistake by releasing him immediately from the contract in force and outsting about to get a man to fill his shoes here next September."

## TRACK OUTLOOK PLEASES CARDS

**Stanford to Make Strong Bid for Honors.**

**Boasts Most Powerful Team in Three Years.**

**Dad Moulton Forecasts Big Year for Squad.**

(EXCLUSIVE DISPATCH.)  
STANFORD UNIVERSITY, Feb. 20.—With four men who are reasonably sure first-place contenders in six events, Stanford will enter a strong track team in both coast and national meets this spring, according to Coach Moulton, who believes the early-season squad the most powerful in three years.

Capt. Hanner, ex-Capt. Kirksey, Hartrant and Dennis stand out among the performers at present. The captain insists that he is throwing "easy" as required by the coach, but the javelin travels well out toward the 200-foot mark every time he throws it, and the coach is well known. Northern track fans hope to see him and Paddock fighting out to the tape in the century again this year.

Hartrant, whose scholarship record prevented his competing with the freshmen last year, is a tall blond giant from Fullerton, who puts the shot better than forty-six feet regularly. His main event is the discus, in which he does better than 125 feet consistently.

Guy Dennis of Los Angeles is clearing twelve feet six inches with ease in the pole vault. He was one of the best junior vaulters in the country last year, and should be better than twelve feet in this event.

Graduate Manager Fletcher has been placed in charge of the distance men. Fletcher never placed in a track meet until his senior year at Stanford in 1928, when he broke the California-Stanford record in the mile. While there are at present no men among the distance runners, however, points for the Cardinal, Fletcher believes Eddie Moran, Roussell and French capable of doing well in the mile and two mile.

One of the best games of the day will undoubtedly be the light-weight tussle between Poly and Hollywood. These two teams, tied at present for second place, are about as closely matched as any squads that have collided this season, and will undoubtedly keep each other busy. Poly has Wren and Hollywood has Toy and Duckett to depend on and a lively scrap should result.

**BOLD BOWLING TOURNAMENT.** An all-day bowling tournament will be held at the Hollywood Alleys on Sunday, March 5, it was learned yesterday from Osa Gregg, boss of the T-Done Riley team.

**CUBS BEST SCORING FIVE.** The Southern Branch basketball five, champions of the conference for the past two years, proved to be the best scoring machine in the room when it came to a close Saturday evening. The Cubs in their ten games amassed a total of 304 points, a little better than thirty markers per game. At the same time their opponents were gathering a total of 178 digits, or a trifling over seventeen points a game. This is the margin by which the Cubs won most of their games. By holding their opponents to the low score of seventeen points a game the little Bears also proved themselves the best defensive team in the league.

Whittier comes second, both in points scored and on the defensive side of the ledger. The Poets scored a total of 246 points as against 175 for their opponents. Thus it is seen that the Quakers were very close to the champions in the matter of defensive play, although the small condition of Whittier's gym accounts to some extent for the low score of her opponents.

**HIGH AVERAGE.** Redlands turned in an average of a little better than 24 points per game, their total for the season being 247, as against 255 for opponents. Caltek, although finishing below the Bulldogs in the actual standings, was able to hold her opponents to a total of 223 points, at the same time scoring 201 markers.

Pomona and Oxy, the hard-luck teams of the league, both battled high on the side of the sheet which showed opponents' points. The Tigers were a little better than the Senators in the matter of defense, holding their opponents to a total of 248 markers, while the Po-

**HOT SHOTS BY WILLIAMS.** (Continued from First Page.)

ing vacancies—head coach of football coach of freshman football and varsity basketball coach.

"The combination of Sutherland, McLaren and Harren meets with almost unanimous approval of Pitt men. They declare that they have long favored the installation of the graduate system of coaching, saying that it would effectively prevent just such an upheaval as has come this time, and that results generally would be much better than with outside men in charge of the teams."

Harry Keck of the Gazette has the following:

"Glenn Warner, head coach of the University of Pittsburgh football squad, will be head to his contract, which still has two years to run, and at the conclusion of that time, a graduate system of coaching will be installed at the local institution."

"Kerr will remain to finish the basketball season and also will coach track at Pitt. He has had a long and distinguished career as an athletic coach. He coached at Johns Hopkins High School from 1904 to 1906, and then coached for a number of years at Pittsburg High School. He has been in charge of the Pitt freshman football squad and the varsity track team since 1915, and was appointed varsity basketball coach for this season, which has been an exceptionally successful one for the Panthers."

"There is genuine regret at Pitt because of the unexpected loss of Kerr, who was held in high regard by all persons connected with the institution. It was not known until shortly before announcement of his acceptance of a contract with Stanford that he was negotiating for the position, and it is a good bet that some way would have been found to retain him here if the university had had the chance to compete with Stanford for his services. There is little doubt he will make a good coach for Stanford."

Regis M. Welsh of the Post thumps his typewriter with a mailed fist when discussing the Warner switch:

"With all due credit to Warner, his work here has been the best of any coach in the country, his 1916 team a monument which will endure in football history, and the other's superior of most schools looked upon with the blink of an eye. His record of success, the paramount factor of his success with the Carlisle Indians, has been carried along here. Last year he began to weaken. Then the alibi; the players, the training table and the individual actions of these under him. Not a word that there were no new players brought out; not a word that he had frowned upon the play of a loser, who can win with grace but forgets sportsmanship when beaten."

"Pop has given Pitt good service, so much so that the old basketball rule of unconditional release would have held good in his case. But instead of that he chose to indulge in questionable dealings, violate his contract here and entice from the local school the only logical man to succeed him."

"Warner's victories will live long in memory. But they are overshadowed by his latest action. The proof that he was dissatisfied here is that he accepted the new job. And if such is the case, Pitt will make no mistake by releasing him immediately from the contract in force and outsting about to get a man to fill his shoes here next September."

524 SOUTH SPRING ST.

## HIGH FENCE TO CURB BAMBINO.

(BY A. P. NIGHT WIRE.)  
NEW ORLEANS, Feb. 20.—Fences at Heinemann Park, where the New York Yankees will train this spring, are being made four feet higher to curb the home runs of "Babe" Ruth, according to Julius Heinemann, president of the local baseball association.

**REUBENS IS OFFERED BOUT WITH MEYERS.**

(BY A. P. NIGHT WIRE.)  
SPOKANE, Feb. 20.—Benny Reubens, middleweight wrestler of this city, announced today that he has been offered a fight with Johnny Meyers, claimant to the world's middleweight championship.

Reubens said he had accepted the offer, but said he preferred to meet Meyers in Spokane and that he had proposed an arrangement where by Meyers would receive practice in the entire game results if the match is held here.

**JOPLIN FRANCHISE TAKEN UP BY LEAGUE.**

(BY A. P. NIGHT WIRE.)  
ST. JOSEPH (Mo.), Feb. 20.—The Joplin franchise of the Western League was taken up by the other seven clubs in a meeting here today. A committee was appointed to dispose of the franchise.

The committee left tonight for Lincoln, Neb. to take up the matter of placing a club in that city with the Chamber of Commerce there. The value price for the Western League was raised from \$250 to \$1000 by the club owners.

**WALTER SCHMIDT IS STILL A HOLDOUT.**

(BY A. P. NIGHT WIRE.)  
MODESTO (Cal.), Feb. 20.—Walter Schmidt, star catcher of the Pittsburgh Pirates, is still a holdout, despite offers to report to Hot Springs, Ark., for spring training. Schmidt said he would remain here until his terms were met by President Dreyfuss of the Pirates. It is reported that Schmidt is demanding \$10,000 for this season.

**IDAHO FIVE WIN.**

(BY A. P. NIGHT WIRE.)  
WALLA, Wala (Idaho), Feb. 20.—The University of Idaho defeated the Whitman College basketball team, 25 to 19, tonight.

**MANY SWIMFESTS SOON.**

A flock of A.A.U. swimming championships will be decided in and around Los Angeles within the next few weeks, giving local aquatic fans something to look forward to. Huntington Beach, Venice and the L.A.A.C. will divide the events, each holding several.

The first meet of importance will be the Venice Club plunge, the most important meet of the season to be held. On the program will be the 100-yard Senior National Championship back stroke event for men and the 100-yard Senior Pacific Championship backstroke for women. Entry blanks have been sent out for these events and entries close with Coach Fred Cady of the Los Angeles Athletic Club on April 1.

Los Angeles will soon have another magnificent swimming pool to brag about. The Young Women's Christian Association's new building at 341 South Figueroa street, when completed, will contain a plunge 30x50 feet, which is large enough to stage most any event of water sports. The plunge will be up to date in every way and all known conveniences for swimmers and divers. It is expected that the pool will be completed and ready for use within the next thirty days.

**IMPORTANT EVENT.**

April 6, in the Los Angeles Athletic Club.

**BUSHERS IN TITLE CLASH.**

Apparently nothing but a three-ring earthquake and a waterspout will stop Sam Cox and his Cox-Haas ball club from running rough-shod over the few teams that have to be met in the remaining games of the schedule of Class AA of the Managers' Association.

All during the season the Cox and Haas players had things about their own way, losing but one game—that one to Mill Unger's Gene Murphy crew. After Sunday's round in the division, the Cox-Haas team still maintained the leadership, winning 10 games and losing one.

Larry Arnold and his Sawtells won their tenth straight victory in Division A and took a firmer hold on first place. Sawtells is through with the schedule and winning 10 straight is as near a performance for a semi-pro club as any club could hope to do.

The Watts Athletic Club already has won the championship in Division C, likewise the Wilmington merchants have won the flag in class B.

The start of the play-off for the championship will be put on next Sunday when Watts and Wilmington mix. The winner will play Sawtells on the following Sunday.

The winner of the second set to meet the winner of the A.A. division, undoubtedly the Cox-Haas team.

The Great Umpire has called the three strikes on "Foghorn" Alvey. No more will Alvey don his uniform and seek out the sand lot for a game of ball. Alvey died at his home, 215 West Fortieth street, last Saturday. Burial will take place today.

The Harris and Frank ball club, playing in the Federal League, is tied with Downey and the Clary Athletic Club for second place in the league standings. Each club has won a trio of braves and lost one.

Sunday, the Harris and Frank outfit, unmercifully pounded the Studenbaker team all over the lot, winning, 5 to 0. Ernie Johnson, a portlander, hurled a no-hit, no-run game for the Clarys, while Frank Lead and Right-Saider Kline did some tall hitting.

## YACHT CLUB'S MEMBERSHIPS.

**Charter List to Close by March Fifteenth.**

**Initiation and Dues Low to Interest Public.**

**Three Ways to Get in and Boost the Game.**

The California Yacht Club of Los Angeles has fixed the initiation fee at \$40 for regular members, the \$10 associate members, the dues at \$4 a month, payment of dues to begin June 1 next.

This initiation fee will be reduced to \$20 for prospective members whose applications are received on or before March 15. All whose applications are received on or before March 15 will be known as charter members and their initiation fees will be \$20 for regular and \$10 for associate members. Dues will not accrue until June 1, at which time the club will be prepared to offer facilities to its boat-owning members.

The California Yacht Club has secured a lease on about four and a half acres on the East Beach at Wilmington, a short distance from the Catalina Terminal, and has also secured a lease on twelve acres for anchorage purposes, which area will be increased as necessary. This location is about forty minutes' drive from the business center of Los Angeles.

Any person who does not own a boat, otherwise eligible to membership, can become a sustaining member on the payment of \$10 initiation fee and \$1 a month dues, which will give all the privileges of the club except the privilege to own or operate a boat through the club's facilities. The sustaining member will likewise have the privilege, when he becomes a boat owner, of becoming a regular member by paying the initiation fee prevailing at the time he becomes a sustaining member, upon which payment the \$10 already paid will apply, notwithstanding the fact that the initiation fee may have been increased subsequently thereto.

**IDAHO FIVE WIN.**

## CARPENTIER TO FACE KID LEWIS.

(BY CARP AND ASSOCIATED PRESS.)  
LONDON, Feb. 20.—Ted (Kid) Lewis of England has been signed for a match with Georges Carpentier, the French champion, May 11.

**CAPT. ROPEL LOSES TO MISKE ON FOUL.**

(BY A. P. NIGHT WIRE.)  
PHILADELPHIA, Feb. 20.—Billy Miske, St. Paul heavyweight, won his bout tonight from Capt. Bob Roper, Chicago, on a foul. Roper was disqualified by the referee and sent from the ring at the end of the sixth round. The match was for eight rounds.

**Y.M.H.A. BASKETERS CLEAN UP HOLLY FIVE.**

The Young Men's Hebrew League basketball team defeated the Hollywood Poly team last night in a well-fought game at the Central Evening High School to the tune of 15 to 12. The line-up is as follows:

**SECONDS SAVE ASHER FROM PETE HERMAN.**

(BY A. P. NIGHT WIRE.)  
NEW ORLEANS, Feb. 20.—Pete Herman, former bantamweight champion, made a punching bag of Babe Asher of St. Louis tonight, and when being helped on the ropes in the seventh round after having been dropped to the floor in every one of the preceding rounds and after having dragged himself to his feet, his seconds threw in the sponge.

**ROUDIL BOWLS OVER APPELBY IN TOURNEY.**

(BY A. P. NIGHT WIRE.)  
PHILADELPHIA, Feb. 20.—Edouard Roudil of France tonight administered the first defeat to Edgar T. Appleby, New York, that the champion has suffered in the international 18.3 balking amateur billiard tournament in progress at the Manufacturers Club. The Frenchman winning the match 900 to 129 in eighteen innings.

Roudil averaged 18.13 tonight, and went out with an unfinished run of 88. His other high runs were 50 and 47. Appleby's average was 10 to 17, and his high runs 48, 34 and 11.

**SECOND SAVE ASHER FROM PETE HERMAN.**

## FLASHES.

IT'S A GREAT SHOW.

ORPHEUM BILL STRIKES HIT  
GATT AND KEEPS IT.

By Grace Kingsley.

How an audience loves to be "in"

on a show! They're so wise now-

adays that's about the best kick

they get out of it. In fact, it looks

as though the ad lib. show were

going to be the fifty of the future,

at least as regards vaudeville. Then

we shall find out who's right there!

Yesterday's corking show at the

Orpheum was a case in point. Lil-

lian Shaw was absent from illness,

which caused the acts to be shifted

wildly, and what's more gave Wil-

liam Gaxton a chance to get out

in an additional act and show us

that he really is as smart as Jay

Kaufman, author of "Kisses,"

boys in Nat Nazario's act. The

big one is a wis at dancing. The

little one with the syncopated

chewing gum and the gift from

the great god jazz carries off the

smoked pork.

Then there are Claudius and

Scarlet, who put over, to the ac-

companiment of their talkative

banjos, all the old plush album fa-

vorites among the songs. They

wake up the amen corner, and get

everybody to singing who is willing

to admit he or she is as old as

that.

Clark and Barman, holdovers,

helped to fill in the hole of the

absent act, also, and did some pleas-

ing work.

Very sparkling, very smart, and

all to the benefit of the "Kis-

ses." William Gaxton's play, in

which he works swiftly and niftily

to win a bet that he can make

four different women kiss him of

their own accord.

The Five Avalons open up pro-

ceedings with some spectacular

wire walking. Joe Marie and Flo

Campbell double their hit at last

week.

Harold Lloyd III.

Stricken with influenza last Sun-

day, Harold Lloyd, the popular

comedian, is lying gravely ill at his

home, 348 Hoover street, in this

city. He is attended by two nurses

and his physician, and his tem-

perature is 104.

Mr. Lloyd was working on his

current comedy at the Hal Roach

studio, on Friday, but complained

of feeling ill. He quit work early

in the afternoon and went home.

He was too ill to work Saturday,

and on Sunday was confined to his

bed, being pronounced by his phy-

sician as being in the final stages

of the disease.

The comedian is an athlete, and

being abstemious in his habits as

regards drinking and smoking, it

condition will aid him in a quick

recovery. However, it will be at

least two weeks before he will be

able to get his physicians say.

WILL GIVE NEW OPERAS.

Two interesting Premieres for

March.

At least two operas which have

never before been sung will be

given in the Philharmonic Auditor-

ium, at the Mason Opera House, the

Opera Company, an organization

that has been in this city for some

time after a tour of Mexico, where

they sang in the City of Mexico,

Guadalajara and other of the

larger cities with success.

Both operas are in Spanish and are

## ANOTHER .. ROMANTIC .. IDOL.

Who'll Make Debut in "Prisoner of Zenda."

Ramon De Sarnagies.

Who is expected soon to become a rival in popularity of Rudolph Valentino.

"realtor." This may be all right for

won't face even words, let alone

facts, is in a bad way.

And when one thinks over what

they should shy at literature.

Maybe the censorship explains it

all.

CALIFORNIA CONCERT

BETTER THAN EVER.

Representing the height of his

orchestra accomplishment, Carl

Ellinor's musical program at the

California Theater this week is

pleasing large audiences.

At all times Mr. Ellinor has his

large ensemble under control. This

is evidenced not only in the open-

ing overture, but throughout the

entire program.

Least Second Hungarian Rhaps-

ody is well handled, displaying

the orchestra to unusual advan-

tage. Remarkable coloring and

tone quality are noticeable, and

during the rapid change of tempo

for which the selection is noted

every instrument responds as one.

Pianissimo and fortissimo passages

alternate with rapidity demanding

the utmost in skill from the

orchestra.

Ellinor's "Salut d'Amour," the

second number on the program,

is a beautiful and touching piece

and enabled Miss Elia Grosser,

concertmaster of the orchestra, to

display rare ability on the violin.

The concluding offering was a

special arrangement by Mr. El-

linor, combining the popular song

of the past century into a de-

lightful melody which met with

enthusiastic response.

"VENDETTA" AT TALLY'S.

Pola Negri, in her latest produc-

tion, "Vendetta," is appearing for

a second week at Tally's Broadway.

Miss Negri in "Vendetta" portrays

a role wonderfully suited to her

talents. As an extra added attrac-

tion, featured the strings and reeds

of the orchestra, to unusual advan-

tage. Remarkable coloring and

tone quality are noticeable, and

during the rapid change of tempo

for which the selection is noted

every instrument responds as one.

Pianissimo and fortissimo passages

alternate with rapidity demanding

the utmost in skill from the

orchestra.

## REVIEWS.

"DECLASSEE"

ETHEL BARRYMORE IN PER-

SONAL TRIUMPH.

By Edwin Schullert.

Some themes are bigger than the

life they would represent, some

plays are greater than the stage

on which they are performed, and

some actors and actresses are finer

than the roles which they portray.

Of these three facts, we had, I be-

lieve, a suggestion in the presen-

tation of "Declassee," which

brought the return of Ethel Bar-

rymore after a long absence last

night at the Mason.

How long that absence had

seemed and how great the antici-

pations of her reappearance were

only to be judged by the enthu-

siasm which her first entrance

called forth, and the curtain calls

after each act.

The audience was professionally

and socially representative. They

comprised a brilliant tribute to a

famous woman, whose personal

qualities and distinction are as

much admired as her achievements.

Ethel Barrymore is an aristocrat

of the American stage; she was

given a welcome that betokened

the comprehension of that aris-

cracy.

The old order changes and the

new begins, but the Barrymores

remain the Barrymores. They stand

for the higher faith in drama.

They are firm in their ideals, se-

vere in their purposes, great in

their interpretations and their

personal influence.

Sometimes we see one or the

other in a bad play or a bad pic-

ture, badly played. We doubt for

a moment, but we always return

to our ultimate belief in the stand-

ard which they uphold.

Ethel Barrymore seems to be

strongest in living up to her tradi-

tions. She has remained devoted

to the same old standards of her

present play "Declassee" is aris-

cratic. In its settings, as, say

for the final act, it becomes over-

regal. In the one hand of the

porting cast only might its line-

age be questioned.

**MERCED FLOOD CLOSES ROAD.**

(Continued from First Page.)

but yesterday's storm has blown over the State, the Weather Bureau reports. Against San Francisco's 1.10 inches rainfall, other stations reported precipitation in inches as follows: Berkeley, .54; Red Bluff, .32; Sacramento, .12; San Jose, .46; Fresno, .25; Los Angeles, .05; Santa Barbara, .12; Paso Robles, 1.63; Rocklin, .32; and Santa Barbara, .14.

**FLOOD ROAD AT MERCED**

(BY A. P. NIGHT WIRE.)

MERCED, Feb. 20.—Flood waters from Bear River have the second time in two weeks flooded the State Highway three miles north of here. The water is now a foot deep over a stretch of road three-quarters of a mile long and rapidly rising. The road will probably be closed to traffic tonight, according to local officials of the State Highway Commission.

**SACRAMENTO RIVER HIGH**

(BY A. P. NIGHT WIRE.)

SACRAMENTO, Feb. 20.—The Sacramento River is expected to reach its highest stage of the winter at this point tomorrow, it was stated today by N. R. Taylor, U. S. Weather Bureau meteorologist, following receipt of advance of general rainfall in high levels of the Sierra Nevada Mountains and throughout the upper Sacramento Valley.

The river at Sacramento this morning measured 22.5 feet and is expected to go to twenty-five feet tomorrow, according to Mr. Taylor. The flood stage is twenty-nine feet. The river is rising from Red Bluff to Susan Bay. The Feather and Yuba rivers are rising slowly, but the American River was expected to fall after today.

Laborers still were busy today between Belden and Tobin, on the main line of the Western Pacific Railroad, where a sidewalk washed out 100 feet of track yesterday. Passengers were being transferred around the washout.

CROSS RIVER, Feb. 20.—The crew of the motor boat and tugboat "C" of the river, which was damaged by a fire, are expected to be back today, it was stated today by N. R. Taylor, U. S. Weather Bureau meteorologist, following receipt of advance of general rainfall in high levels of the Sierra Nevada Mountains and throughout the upper Sacramento Valley.

**Beauty not only Skin Deep**  
The Soft Velvet Sheen of a Beautiful Complexion Comes From Within.

**TANLAC, RATHER THAN COSMETICS, WILL PUT ROSES IN YOUR CHEEKS**

ONE of woman's greatest charms lies in the beauty of her skin. Men admire the soft velvet sheen of its texture and woman covets it, but the real roses are not put in the cheeks with cosmetics. Their use is simply an acknowledgment of the fact that the skin is not in its natural condition. Face creams rouge and powder will not fill out a sunken cheek or rebuild a scrawny neck. They do not, and cannot, restore the sheen of a healthy complexion.

What haggard-looking, careworn women need to bring back the natural bloom to their cheeks and the irresistible sparkle to the eyes is the glow of perfect health. Nothing on earth can equal TANLAC for this, declares tens of thousands of happy women who have tried it and are now the picture of health.

Contrary to the old saying, beauty is not skin deep. Beauty comes from within. The stomach is in perfect condition you cannot hope to have a rosy, healthy complexion—beauty.

Digestive troubles ruin the complexion of woman and man. Ugly pimples, blotches and blackheads are the surest signs that your digestion is out of order, that your stomach and liver are not working, that you do not assimilate your food and do not properly eliminate the waste matter, which poisons your system.

Is there anything more objectionable than a face with blemishes? Persons—women and men—who are troubled with impurities of the skin, suffer constantly and keenly their misfortune.

And how needless to continue your body and mental suffering! TANLAC is sold in Los Angeles by the Owl Drug Co., and by leading druggists everywhere.—(Advertisement.)

**Submarine R-6 to be Repaired in Local Port.**

(BY A. P. NIGHT WIRE.)

Work of repairing and reconditioning the Navy submarine R-6, which sank at Los Angeles Harbor September 26 last, with the loss by drowning of two of her crew, was begun yesterday at the Submarine Base at the port. The underside boat, which was raised to the surface after sixteen days of strenuous work by officers and men of the Pacific Fleet submarine force, has been tied out alongside the U. S. S. Camden at the harbor for several months.

It was at first believed that the vessel would have to be sent to San Francisco to have her batteries replaced and her machinery repaired. Orders from the Navy Department, however, directed that the work be done at the local port. Several of the submarine's plates are being removed in order that the old batteries may be taken out and the new ones put in place. The new batteries will cost in the neighborhood of \$150,000, it was said.

The R-6 was launched at the Los Angeles Naval Shipyard in 1918. She was the first of a class of submarines designed to operate in the Pacific Ocean. She was the first of a class of submarines designed to operate in the Pacific Ocean.

**FORTUNES GOING BEGGING**

Photoplay producers ready to pay big sums for stories, but can't get them. One big corporation offers a novel test which is open to any one without charge. Send for the Van Loan Questionnaire and test yourself in your own home.

The results have been phenomenal. In the recent J. Parker Read, Jr., competition all three prizes amounting to \$5000 were awarded to students of the Palmer Photoplay Corporation, which is conducting this search by means of the Van Loan Questionnaire.

Look over the list of leaders in the motion-picture industry who form its advisory council. These leaders realize (1) that the future of the screen drama is absolutely dependent upon the discovery and training of new writers. They realize (2) that writing ability and story-telling ability are two entirely different gifts. Only a few can write; many can tell a story, and with training, can tell it in scenario form. The Palmer Photoplay Corporation is finding these story tellers in homes and offices all over the land.

You are invited to try; clip the coupon

The whole purpose of this advertisement is to invite you to take the Van Loan Questionnaire test. If you have read this page up to this point, your interest is sufficient to warrant addressing the invitation to you directly. In all sincerity, and with the interests of the motion-picture industry at heart, the Palmer Photoplay Corporation extends to you its cordial invitation to try. Who can tell what the reward may be in your case?

For your convenience the coupon is printed on this page. The questionnaire is free and your request for it incurs no obligation on your part.

The Palmer Photoplay Corporation offers you this free test because—

The Palmer Photoplay Corporation, Department of Education, 535 I. W. Hellman Bldg., Los Angeles, Cal.

**Organize Coast Artillery for Training Work**

(BY A. P. NIGHT WIRE.)

With the assignment of Maj. Frank Drake, C. A. C., as head of the Coast Artillery for the Los Angeles district, the work of organizing the Coast Artillery branch of the Ninth Corps Area began yesterday. Maj. Drake has established his headquarters at Ft. MacArthur, Los Angeles Harbor, and all instruction and drills in artillery work will be held at the fort. It was announced that Maj. Drake, who for the last two years, has been on duty in the Philippines, has been assigned to duty at Ft. MacArthur. Maj. Drake has received no orders for duty at another post, it was said.

This angle incident gives some idea of the desperate situation of the motion-picture companies. With millions of capital to work with, with magnificent mechanical equipment, the industry is in danger of complete paralysis because the public demands better stories—and the number of people who can write those stories is only a handful. It is no longer a case of inviting new writers; the motion-picture industry is literally reaching out in every direction. It offers to every intelligent man and woman—to you—the home test which revealed unsuspected talent in this Montana housewife. And it has a fortune to give you if you succeed.

Send for the Free Van Loan Questionnaire

H. H. Van Loan, the celebrated photoplaywright, is responsible for the invention of the novel questionnaire which has uncovered hidden photodramatists in all walks of life. With Malcolm McLean, formerly professor of short-story writing at Northwestern University, he hit upon the happy idea of adapting the tests which were used in the United States Army, and applying them to this search for story-telling ability.

The experiment has gone far enough to prove conclusively (1) that many people who do not at all suspect their ability can write scenarios; and that (2) this free questionnaire does prove to the man or woman who sends for it whether he or she has ability enough to warrant development.

An evening with this novel device for self-examination is highly fascinating as well as useful. It is a simple test applied in your own home. Its record is held confidential by the Corporation.

The Palmer Photoplay Corporation offers you this free test because—

# Activities and Plans of Women in Many Spheres.

## Y.W.C.A. WAR LEADER HERE.

Mrs. E. M. Townsend to Speak on Woman's Work.

Ebell Junior Auxiliary to Give Playlet, Dance.

Reciprocity Club Plans to Conduct Silver Tea.

BY MYRA NTE.

Mrs. E. M. Townsend who is visiting Los Angeles in the interests of the Young Women's Christian Association will speak on the national work of the Y.W.C.A. at the home of Mrs. C. G. Stanton, 444 La Fayette Place Friday afternoon. She is one of the most prominent women actively associated with the organization at its headquarters in New York City.

In addition to her board duties and other committee activities Mrs. Townsend is vice-chairman of the World Service Council. The membership of this latter organization is made up of women from all parts of the country including Mrs. Leonard Wood, Mrs. Robert Lansing, Mrs. Coleman du Pont, Mrs. W. A. Moore and Mrs. W. F. Calendar, the latter of this city. At their last conference in New York Mrs. Townsend was hostess at her beautiful country place in Oyster Bay, the trip being made on Mrs. Coleman du Pont's yacht from New York.

During the war, Mrs. Townsend was chairman of the National Hostess House Committee which directed the erection and management of hostess houses at all the training camps. So strenuous were her duties during that entire period that for five days a week regularly she kept office hours at the association headquarters. In all phases of her work both with the Y.W.C.A. and the hostess houses, she has an animated interest making frequent trips throughout the country to speak and to organize for the association.

On her present trip, Mrs. Townsend is accompanied by Miss Helen Davis and Miss Ella Schooley of New York City and while in Los Angeles they are the house guests of Mrs. W. A. Moore.

Ebell Junior Auxiliary. Miss Ella Mathews and Charles Lambert will present a playlet and appearing in the leading roles at the Ebell Junior Auxiliary benefit dance to be given at the clubhouse Thursday at 8:30 p.m., the proceeds to go toward the scholarship fund of the larger Ebell.

Mrs. Joseph Crall is chairman of the dance arrangements. Assisting her are: Miss Grace Ingram, Miss Irma Getz and Miss Grace Hubbard. With her committee, Mrs. Theron Young and Miss Marion Stanley. Mrs. E. D. Weaver is planning the decorations with the Washington Birthday motif.

Hostesses, members of the auxiliary are: Mrs. Ralph Hoard, Mrs. Roy Pearson, Miss Elizabeth Ward, Miss Anna Laurie Terry, Miss Laura Paxton, Mrs. Edward Tarts and Mrs. William Kinney.

Patrons are members of the senior club and include: Mrs. Charles H. Toll, Mrs. Grantland Reaton Long, Mrs. Eliot Johnson, Mrs. Laura Joyce, Mrs. Charles E. Ward, Mrs. Harry Cardell, Mrs. S. J. Keene, Mrs. W. B. Hunnewell and Mrs. Edgar Stanley.

Reciprocity Club. The welfare section of the Reciprocity Club will conduct a silver

## THE LAST WORD.

BY ALMA WHITAKER

Mrs. Forbes-Robertson Hale said she did not believe that women were superior to men, not even in the United States, and neither do I, even if Mrs. Jules Bois does observe that we have no "inferiority complex."

We ought to have an inferiority complex, however, so long as we permit our lives, our temper, our sweet dispositions to be aggravated and seriously impaired by a multitude of vexatious sartorial apertures that no man, however stupid, would tolerate for a day. For instance, behold us the slaves of patent snap fasteners that never stay fastened. All our dresses are now equipped with these deplorable and unattractive little bits of metal. Our plackets, our underarm seams, our shoulder seams are hideously dependent upon the stretched little snaps, which promptly fall off if we sneeze, cough, laugh or bend. So are our gloves, and when the things break loose the first we can't even mend 'em because they are applied through a hole with patent machinery. A nice modest woman of irreproachable reputation almost shed her gown in the middle of Broadway last week, just because she had depended upon the things on both shoulders.

Or take those fadling little shoulder straps they insist upon adorning our underwear with nowadays. The silly things are always slipping off the shoulder, or breaking away altogether, hampering our movements, undermining our poise. They are never comfortable, never efficient, and have to be renewed at frequent intervals. It is almost impossible to buy a garment equipped in any other way. Yet half the time when a woman's attention wanders and she misses the point of a good argument or a good story, it is because she is suddenly become anxiously meditative about a treacherous shoulder strap or a traitorous array of fasteners.

Then there are diaphanous sleeveless nightgowns—and precious few houses in California have furnaces. So we shiver in the cause of a doubtful beauty, heap too many blankets on our beds, wake up shilly at frequent intervals, spoil our beauty sleep, look haggard, grow old too soon, and rush wildly to expensive beauty parlors, buy mountains of massage creams and wrinkle lotions when a warm nightgown, was all that was necessary to preserve our placid beauty. But we can't buy nightgowns with sleeves and cozy necks any more.

Anybody know a man who goes to bed in diaphanous sleeveless pajamas or decollete chiffon night-shirts? "Why does a woman grow old sooner than a man?" reads an advertisement. Well, there's a few of the reasons.

Silk stockings are another perpetual anguish. It doesn't matter what you pay for the things they always "run." Whether it is the \$3-cent near-silk or the \$10 superlatives, they all rebel against our foot appendages that create a "ladder" almost on sight. So the poor amongst us try to mend the silly things, suffer under self-conscious imperfection, try to remember to sit with the laddery leg concealed by the good leg. If any, orifice without nourishment to replace them with another pair which we well know will be equal.

tea this afternoon from 3 to 5 p.m. at the home of Mrs. J. W. Baker, 2137 West Twenty-first street.

West Ebell. A Colonial dinner will be served tonight by the West Ebell Club with Mrs. V. E. Hampton as hostess in the Pilgrim Congregational Church at Forty-sixth and Nor-

## SOCIETY.

BY VIRGINIA WOODS

At Dinner-Dance. Miss Olga Simpson and her brother, Frank Simpson, Jr., of Wilshire Place will entertain a company of thirty at dinner Friday evening at the dinner club dance at the Wilshire Country Club.

Mr. and Mrs. Eugene A. Hawkins, Jr. are to have a company of fourteen, arranging their party in honor of Mr. and Mrs. Charles Truehart of Louisville, Ky., who are spending the winter here.

Mr. and Mrs. Thomas A. H. Dockweiler are to entertain in honor of Mrs. Charles W. Kemmler of New York, who is visiting her parents, Col. and Mrs. Charles Rivers Drake.

Dr. and Mrs. Wayland Morrison, Mr. and Mrs. William Kay Crawford, Miss Margaret Miller, Mr. and Mrs. Ernest Duquesne, Mr. and Mrs. Carey Hill, Mr. and Mrs. Brenton Carr, Dr. and Mrs. Lloyd Mills, Mr. and Mrs. Paul B. Hammond, Mr. and Mrs. Brian Welch, Mr. and Mrs. Roy E. Naffziger and Mrs. June Braun Schultz, Mr. and Mrs. Dwight Whiting and Mr. and Mrs. Victor Ford Collins are to entertain together.

Wife of Congressman Here. Mrs. Milton W. Shreve, wife of Congressman Shreve of Pennsylvania, is the house guest of her son-in-law and daughter, Dr. and Mrs. Edward Bernard Hubley of La Brea avenue, South Pasadena.

On Mediterranean Tour. Mr. and Mrs. Oscar C. Mueller and their son, Douglas Mueller, of Harvard Boulevard are to sail in a few days for a tour of Europe, planning to take the popular Mediterranean cruise. Mr. Mueller and son left here Saturday for New York, Mr. Mueller having preceded them several weeks.

Dinner-Dance. Mr. and Mrs. Alfred J. Rayer were hosts at a dinner-dance, Saturday evening, at the California Club, arranged as a farewell courtesy to Miss Rosario Dockweiler, who is soon to leave for China with her brother, Henry Dockweiler, secretary at the American Legation in Peking. Miss Dockweiler is ill, however, with influenza and the trip may have to be postponed. They are planned leaving here on March 4.

At Bridge Supper. Mrs. Charles H. Sharp and Mr. and Mrs. Everett B. Sawyer entertained at a supper and bridge party at their home on Wilshire Boulevard Saturday evening.

Dancing Party. Mr. and Mrs. Alfred H. Wilcox are to be honor guests at a dinner and dancing party at which James Slason is to entertain to celebrate the anniversary of his birthday—at Bolia Chico Gun Club. Mr. and Mrs. William S. Hook, Jr. entertained at a dinner for Mr. and Mrs. Wilcox last week.

Theater and Supper Party. Mr. and Mrs. Ralph Mallette Burdick entertained a group of friends last evening at the Harlequin Theater in honor of Mrs. George Henry Hutton of Moline, Ill., who is visiting her sister, Mrs. Charles H. Lippincott, and Mrs. William Hammond Hubbard of Chicago, who is a guest of her sister, Mrs. William B. Lindsay.

There was an after theater supper and dancing at the Burdick residence at 7021 Franklin avenue. Among the guests were Mr. and Mrs. Lippincott, Mr. and Mrs. Lindsay, Mr. and Mrs. Arthur Stevens, Mr. and Mrs. Jesse Burdner, Mr. and Mrs. John Owen, Mr. and Mrs. Clarence Martin Neuner, Mr. and Mrs. John Gilman Blystone, Mr. and Mrs. Charles Mason, Mr. and Mrs. Harrison Lobdell, Mrs. Charles Randall Stephens, Mrs. Charles Sumner Kent, Miss Josephine Wetrick, Messrs. David Davis, Ralph Gage, A. R. Shouder, Cecil Mason and Carroll Owen.

Wedding Postponed. Because of the sudden illness of Miss Sarah Gage who was to have been married this evening to Kenneth A. Carey in St. John's Church, the wedding has been postponed indefinitely.

From Winnipeg. Mr. and Mrs. Gordon E. Konantz of Winnipeg, Can., are visiting their parents, Mr. and Mrs. Edward A. Konantz, at their country home, Five Oaks, San Gabriel. Mr. and Mrs. Addie H. Downing, who have been house guests of Mr. and Mrs. Konantz, are at Casa Blanca Hotel, Ontario, until their house at Upland is ready.

Proceeding Fashion Pageant. Mrs. Frederick Kimball Spence of Beverly Hills is to entertain at dinner, preceding the Fashion Pageant to be given at the Ambassador March 6, next, for the benefit of the Children's Hospital. Among her guests will be Mrs. M. R. Muchmore, Miss Harriet Meyer, Mr. and Mrs. Frederick S. Stearns, Mr. and Mrs. Edward Hubbard and Eugene Dike.

Mr. and Mrs. Arthur Letts are to have at their dinner, which will precede the pageant, Mr. and Mrs. Willis Gustavus Hunt, Mr. and Mrs. John Milner and Mr. and Mrs. Richard Letts.

Entertained at Luncheon. Mrs. Arthur P. Will was hostess at a charmingly arranged luncheon at the Pasadena Golf Club on Friday. Her guests were members of Las Buenas Amigas Club and included: Meses Benjamin B. Bledsoe, T. S. Wood, C. E. Couch, Earl Osborn, George R. Murdoch, Charles Brown, Harry Botsford, E. E. Bean, H. Carlisle, R. Van Cleave, H. Cogswell, I. N. Hartsberger, B. Tilden, A. S. Sauter, M. Baird, B. Fayman, Hills and A. Barrios.

At Ball in Coronado. Mrs. Stella Grove of this city is to preside at a big dinner party at the coronal ball at Hotel del Coronado tomorrow evening. A number of other Los Angeles and Pasadena folk plan to attend. Attractive prizes are to be awarded for the most beautiful and original costumes. There will be a chil-

## What is Behind the Switch?

If, when your house was built, a qualified and competent electrical contractor was employed to make the installation, you may never have occasion to ask this question. For in that case, the wiring is right, the connections are right, the fixtures are right—the whole job is right and in all probability will stay right as long as the house lasts.

Electrical satisfaction for the householder depends ultimately upon the quality and completeness of the original electrical installation. The scope and utility of such invaluable appliances as the vacuum cleaner and the glow heater depend upon the number and convenience of the electrical outlets—the thoroughness with which the electrical contractor did his work.

Cut-rate, irresponsible electrical contracting service works harm not only to the householder, but to the electrical industry as a whole. Hence, the Pacific States Electrical Company, the largest distributor of electrical merchandise on the Pacific Coast, distributes its standard materials and appliances through electrical contractors and dealers who are qualified as to responsibility and technical competence.

These standard materials and appliances are tested, approved and marked with the "check" reproduced in this advertisement, which thus becomes a helpful guide not only to quality in electrical merchandise, but to responsibility and competence in electrical contracting service.

## Now for maple fudge with the real maple flavor.

When your sweet tooth calls for candy, stir up a panful of this maple fudge. It's cheaper than buying candy at the store—and is it good? Just taste it!

That it has the real maple flavor makes all the difference in the world. Log Cabin Syrup gives it that flavor.

For Log Cabin Syrup is made from the choicest of New England maple combined with the best from Canadian groves—the real sugars of maple in which the flavor is most intense. This is blended with just enough pure sugar of cane—and nothing else—to give Log Cabin Syrup the most delicate, most mellow maple flavor.

Get a can of Log Cabin at your grocer's today. Have some of this old-fashioned maple fudge tonight! The Log Cabin Products Company, St. Paul, Minnesota.

Log Cabin Syrup

Only in log-cabin-shaped cans, 3 sizes.

## CAMPAIGN EXTENDED.

Jewish Relief Drive Will Be Continued Until Thursday.

Adolph Fleischman, chairman of the American Jewish Relief Committee, stated yesterday that Los Angeles is short \$75,000 of its quota in the national campaign for the relief of war sufferers of Eastern Europe, and that the local drive has been extended to noon, Thursday, in a final endeavor to raise the funds necessary to make up the deficit. Mr. Fleischman stated that special teams of workers will try to see all who have not contributed, but as the time is short, he urges those who should give to this worthy cause, to send their contributions to the American Jewish Relief Committee, Hotel Alexandria.

## Highland Park Ebell.

"Our City's Business" will be the subject of an address by Ralph L. Criswell, president of the City Council, speaking before the Highland Park Ebell Club today, beginning at 10 a.m. Mrs. M. M. Waddell will speak on "Humana Animal Commission Work," and Mrs. A. Louis Nickerson will give the musical program.

## P.T.A. Speaker.

Mrs. Charles Gray, first vice-president of the California Congress of Mothers and P.T.A., was selected at the last meeting of the State board to be the speaker and representative of the State congress at the principals' convention to be held in Pasadena the middle of April.

## Sisterhood of Temple B'nai Brith.

Today is the time for the regular monthly meeting of the Sisterhood of the Temple B'nai Brith meeting at 2 p.m. in the assembly hall of the temple, corner of Ninth and Hope streets. M. E. Silverberg will give an address on experience in France during the World War; Miss Rita Kinell, pianist, will play a sonata by Grieg; Miss Roslyn Bloomberg will give Mary Shimmann Andrews' "A Perfect Tribute," in honor of Lincoln.

## Inglewood Woman's Club.

Mrs. Lillian Burkhardt Goldsmith will present the program for the Inglewood Woman's Club tomorrow, meeting in the Inglewood Theater to celebrate Washington's Birthday. The proceeds will go toward the American Legion memorial fund.

You will enjoy our new booklet "The Electrical 'How' for Householders" which lists some of these standard materials and appliances and describes their use in the progress of a typical day in an electrified home. It may be obtained free from any contractor or dealer displaying this seal.

LOS ANGELES.

THE TIMES is conducting an earnest search for the most beautiful girl in the Southwest. Prizes totaling \$4900 will be awarded the eighteen girls adjudged the prettiest by a board of competent art judges. The contest is now on. It closes February 22.

The local prize being taken by cities and towns throughout the territory included in the quest is leading best to the search.

The Beauty Quest is being conducted in six zones in the Southwest. The three most beautiful girls in each zone will be determined by their photographs and awarded \$500, \$100 and \$50 as first, second and third prizes, respectively. Then from the six first-prize zone winners the most beautiful will be selected and awarded the grand prize of \$1000 in addition to her \$500 zone prize.

The Southwest is divided into the following six zones: (1) City of Los Angeles; (2) Los Angeles county outside the city; (3) the counties of San Diego, Imperial, Orange and Riverside; (4) the counties of Inyo, San Bernardino, Kings and Tulare; (5) the counties of Santa Barbara, Ventura, Kern and San Luis Obispo; (6) the State of Arizona.

Send one—and only one—photograph, mailing it as early as possible, but in any event so it will be postmarked before 12 o'clock, midnight, February 22. Address it, "Manager Times Beauty Quest, Los Angeles Times, Los Angeles, Cal." Write full name and address on the back of photograph, giving the name of city, street number, county and State, and occupation. If not occupied, write "Home." An entry may

be made by a friend of the girl if the latter's permission is given. Hereafter no entry blank will be required.

Entry is free. There is no charge of any kind, no votes to get, no subscription "string." It is open to every unmarried girl residing in the territory above described, except that all professional beauties are barred, i.e., those whose beauty is their principal means of livelihood, as actresses, models, etc.

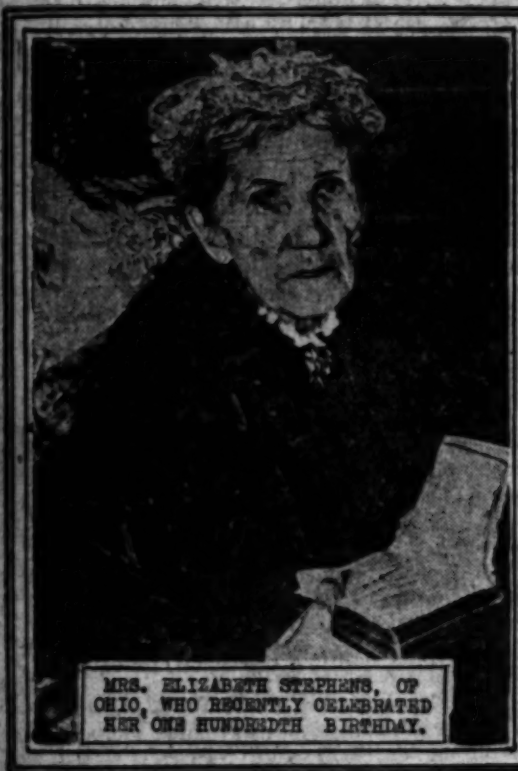

No photographs can be returned. Do not send stamps. A person may submit the names of more than one young woman as entrants, but the permission of each must be obtained and the entries must be made separately. Employees of The Times and members of their families are barred.

As many photographs as possible will be published from day to day and in the Sunday rotogravure section. If your photograph does not appear in no indication that it is within the prize-winning class.

In publishing photographs only the last initial of the name of the city in which the entrant resides will be used. A board of artists will select the prize winners as soon as after the close of the quest, which is February 22. The names of the winners will be published in the rotogravure section, together with their addresses.

Have you sent in a photograph?

### LOCATE ROBBER GANG.

(BY A. P. DAY WIRE.)

FRESNO, Feb. 20.—Two hundred safe-cracking, robberies and burglaries which have mystified police of the San Joaquin and Sacramento valleys during the past nine months, have been solved with the arrest and confession from Joe Patterson, 33, Jimmie Wilson, 24; Frank Gordon, 34, and Harry Wadsworth, 18.

The confessions were obtained after quizzings during the past four days by Sheriff Jones of Fresno, Sheriff Blane of Hanford, Clarence Houser, finger print expert, Lester A. Manning, State Inspector, department of finance, division of motor vehicles; Charles McCall, superintendent of the State Bureau of Identification, and H. J. Carling, Assistant District Attorney.

Patterson was arrested here some time ago after he was shot in an attempt to blow the safe of the Bowles store. Jimmie Wilson was arrested in San Diego on January 24, in connection with the burglary of a store in Stratford, Frank Gordon and Harry Wadsworth were arrested last week.

Claiming to have been deserted by his wife, Patterson made a complete confession to the officers while turning up as well as the going trip.

**ITALIAN GROUP ON HILL.**  
A group of buildings suggesting Italian Renaissance architecture will be on the hill in the northern section of the city, as the

new Washington Junior High School, if plans submitted to the Board of Education today by Allison & Allison, architects, are finally adopted.

While some changes may be

made in the final plan, it is believed that the general architectural scheme presented will be carried out. The main building, containing the junior high school department and the auditorium, surmounted by a tower, will occupy the hilltop, flanked by two buildings for the elementary grades and the kindergarten and lower grades.

**PAYS \$500 IN FINES.**  
George Schiller, one of two so-called confidence men arrested by police here on accusations of prominent men that they had extorted various sums by professing to be financially embarrassed scientists, was fined \$500 on each of two counts and given a six months' suspended jail sentence for vagrancy in justice court here today.

Schiller's wife paid the fine. The other man, Albert Tchow, has not appeared in court.

**CHARITY BALL PLANS.**  
Pasadena society women are busy with plans for the annual charity ball to be given at the Pasadena Children's Training Society, to be held at the Vista del Arroyo Hotel, Wednesday night, Feb. 22, one of the big social features of the year in Pasadena.

Oriental mirrors with teak, old carved gilt, richly inlaid and lacquered frames, and plenty of old pigskin lacquered chests and boxes just received at Grace Nicholson's Famous Pasadena Shop. [Advertisement.]

**THREE INJURED.**  
Upland Youth Hits Automobile Into Interurban Car.

(EXCLUSIVE DISPATCH.)  
POMONA, Feb. 20.—John Estes, Jack Voth and Clifford K. Bradford, three Upland youths, are in the Pomona Valley Hospital in a more or less serious condition as a result of a head-on collision on Highway 10, between a Buick sedan and a Pacific Electric car, completely demolishing the machine and inflicting considerable injury upon himself and two companions.

Estes crashed into the electric car, attempting to pass it. The large interurban bus and failed to see the approaching car until too late to avoid a smash. All three youths were cut and bruised and Estes suffered a broken nose. All will recover.

**PREACHER STIRS SCHOOL CIRCLES IN LONG BEACH.**

(EXCLUSIVE DISPATCH.)  
LONG BEACH, Feb. 20.—School-teachers and members of the board of education are aroused today over the statement, attributed to Rev. George M. Rourke, pastor of the First Presbyterian Church, that obscene literature had grown to be a dangerous evil at the high school.

Rev. Rourke is said to have made the declaration that he knew of one boy who recently made \$100 selling literature at the high school which was intended only for secretive perusal. It was passed among both the boys and girls, it is charged.

The preacher was delivering a sermon in his church on "The Influence of Pernicious Literature" when he made the charge.

Authorities deny knowledge of the existence of any such evil at the high school.

Dr. Rourke also devoted himself to literature that has a general circulation, and said that many novels contained profane words on every other page. "No really great writer has been created in the present day," Mr. Rourke is quoted as having said. He is of the opinion that writers in past periods had a much higher standard.

**DEPRIVES SPEEDER USE OF AUTOMOBILE.**

(EXCLUSIVE DISPATCH.)  
SAN DIEGO, Feb. 20.—Automobile drivers who persist in speeding will be deprived of their machines for a time, it was indicated today when Justice Lacey Jennings ordered R. L. Gabore, who admitted "stepping on the gas" to store his car in a garage for three weeks and deposit the receipt with the court.

This is the first instance in the campaign against speeding in which a driver has been deprived of his car.

Justice Jennings sentenced Gabore to five days in jail, but reconsidered and suspended the sentence, it being apparent to the judge that something more severe than a few days in jail was required to stem the wave of speeding.

Gabore will not be allowed to drive any car during his probation period.

**ROTARIANS GUESTS AT ORANGE SHOW.**

(EXCLUSIVE DISPATCH.)  
SAN BERNARDINO, Feb. 20.—Hundreds of Rotarians from all parts of Southern California are to be guests of the National Orange Show tomorrow, when a special program will be staged by the San Bernardino Rotarians and the show management. The visitors will be served a banquet and a musical program for the day will be given by the Long Beach municipal band, which will be accompanied by a large excursion from that city.

Session of the California Institute on Tuesday will also attract hundreds of growers from all parts of the State. Dr. J. T. Barrett, director of the Riverside Citrus Experiment Station, being in charge of this feature.

Today's program was headed by R. Tommasini's band, which played two programs and presented several vocalists who accompanied them and excursions from the beach cities. Mayor R. L. Berkeley and Commissioners Carter and Helton, accompanied the party.

Rain fell a portion of the day, but it failed to keep the crowds away. The orange show is now in its eighth year. It has raised at some time during every one of the twelve shows, except two, 1912 and 1921.

Another entertainment feature today was the girls' glee club from Pomona College.

The original Ramona of fiction fame, the actress who was the wife of Alessandro, is in daily attendance at the orange show with the display of the Hensel Valley Chamber of Commerce. She is now near 90 years of age. Residents of San Jacinto, who were living there at the time of the killing of her husband were here today and vouch for her identity.

Business properties, K. Lundeen Co.—[Advertisement.]

**LONG LIFE ENDS.**

Resident of Orange County for Fifty Years Dies at Santa Ana.

(EXCLUSIVE DISPATCH.)  
SANTA ANA, Feb. 20.—James Davidson Ott, Orange county pioneer, died at his home at 443 South Eucalyptus street early this morning.

He was nearly 81 years old, and had never had an ill day in his life until about five weeks ago when he was taken with what proved to be his final illness. He became rapidly worse with death coming this morning.

Mr. Ott came to California in 1871 and settled at Anaheim Landing at the present site of Seal Beach. He was in the lighter service there for many years and successfully piloted the clumy lighters out to passing vessels in all kinds of weather without a serious accident.

Prior to the division of Los Angeles and Orange counties, when the district was all Los Angeles county, Mr. Ott was a Supervisor for one term.

Mr. Ott was a Supervisor for one term.

**FIGHTS OFF BANDIT.**

Stage Driver Refuses to Obey Command of Highwayman.

(LOCAL CORRESPONDENCE.)  
RIVERSIDE, Feb. 20.—"Tratt em rough," is the gamely J. H. Smith, driver of a jitney for the Motor Transit Company, suggests when dealing with hold-up men.

"Give me all you've got," was demanded of Smith by a masked man when the driver was returning to headquarters on his last run shortly before 10 o'clock last night. The bandit jumped on the steps of the car and as he did so Smith pulled the lever which operates the automatic door, dislodging the intruder, who hurriedly picked himself up and began clambering farther back. A passenger departed by way of a rear window as Smith dislodged the bandit a second time with an iron camp-stove.

This ruse enabled the driver to get his bus under way, a companion of the hold-up man contenting himself with sending after the speeding car a volley of profanity. The police were immediately furnished a description of the man who attempted to board the car, and later two Mexican suspects were placed under arrest.

### HUNDREDS VISIT FLAMING WELL.

**Big Game on Bell Lease Still Reminds Upward Pillar of Fire.**

(LOCAL CORRESPONDENCE.)  
WHITTIER, Feb. 20.—Hundreds of automobilists have visited the Union Oil Company's well at Santa Fe Springs which has been sending forth a pillar of fire for more than a week.

Although millions of cubic feet of gas have been consumed, there is no apparent let-up to the flame that is shooting for hundreds of feet into the air. All efforts to check the blaze have been to no avail. The fire is said to be the biggest in the history of the local oil fields.

The hearing was resumed in Bakersfield following adjournment last week at Fresno, where previous sessions were held.

The opening session here was attended by several ranchers and city power users in addition to the witnesses and the proceeding connected with the proceeding. Officials of the main office in Fresno and of the Bakersfield district organization were present.

For the Railroad Commission, besides Mr. Rowell, were engineers and legal counsel.

With J. D. Ryer, accountant in the Bakersfield office of the power company, on the witness stand, the examination of the morning session largely was devoted to the establishing in the record of the company's accounting system here.

Method of entering expenditures for work carried on in the gas and electric department of the company and in the Bakersfield and Kern Electric Railway Company, a subsidiary of the San Joaquin Light and Power Corporation were related by Ryer.

He also testified upon the questioning of J. A. Hinman that the book Land Company are kept in the power company office, although the land concern is not a subsidiary of the valley corporation, in the knowledge of the witness, he said.

Mr. Hinman said that the Kern county Courthouse, accounted with sixty horsepower of energy by the company, received less than forty horsepower at certain times last year, and that when authorities planned a test of the meters they were to have been made.

This charge aroused the power company counsel, who said that the statement made by Hinman, unsupported by evidence or testimony at the hearing, was unwarranted and "grossly" erroneous and irrelevant. It was stated that the company counsel, including Murray Bourne and E. O. Edgerton, had "given Mr. Hinman all the leeway possible in the hearing and had not taken exception to certain remarks the latter was declared to have made which were not pertinent to the case under consideration.

It was stated, Hinman "three or four times" had attempted to show without proper foundation that the power company was guilty of bad faith with its consumers.

Under questioning by Deuel and Hinman it was brought out that the Railroad Commission is not provided with apparatus for testing meters, and that when tests are made it is necessary to go to the company for the testers. L. S. Ready, assistant chief engineer of the Railroad Commission, said that he considered the company's standards of measurement for power and its testers are accurate. Deuel said that the Railroad Commission should be in a position to make tests of meters without the knowledge of the power company or of the consumers.

Meetings will be continued tomorrow.

**PREACHER STIRS SCHOOL CIRCLES IN LONG BEACH.**

(EXCLUSIVE DISPATCH.)  
LONG BEACH, Feb. 20.—School-teachers and members of the board of education are aroused today over the statement, attributed to Rev. George M. Rourke, pastor of the First Presbyterian Church, that obscene literature had grown to be a dangerous evil at the high school.

Rev. Rourke is said to have made the declaration that he knew of one boy who recently made \$100 selling literature at the high school which was intended only for secretive perusal. It was passed among both the boys and girls, it is charged.

The preacher was delivering a sermon in his church on "The Influence of Pernicious Literature" when he made the charge.

SAN DIEGO, Feb. 20.—Automobile drivers who persist in speeding will be deprived of their machines for a time, it was indicated today when Justice Lacey Jennings ordered R. L. Gabore, who admitted "stepping on the gas" to store his car in a garage for three weeks and deposit the receipt with the court.

This is the first instance in the campaign against speeding in which a driver has been deprived of his car.

Justice Jennings sentenced Gabore to five days in jail, but reconsidered and suspended the sentence, it being apparent to the judge that something more severe than a few days in jail was required to stem the wave of speeding.

Gabore will not be allowed to drive any car during his probation period.

**ROTARIANS GUESTS AT ORANGE SHOW.**

(EXCLUSIVE DISPATCH.)  
SAN BERNARDINO, Feb. 20.—Hundreds of Rotarians from all parts of Southern California are to be guests of the National Orange Show tomorrow, when a special program will be staged by the San Bernardino Rotarians and the show management. The visitors will be served a banquet and a musical program for the day will be given by the Long Beach municipal band, which will be accompanied by a large excursion from that city.

Session of the California Institute on Tuesday will also attract hundreds of growers from all parts of the State. Dr. J. T. Barrett, director of the Riverside Citrus Experiment Station, being in charge of this feature.

Today's program was headed by R. Tommasini's band, which played two programs and presented several vocalists who accompanied them and excursions from the beach cities. Mayor R. L. Berkeley and Commissioners Carter and Helton, accompanied the party.

Rain fell a portion of the day, but it failed to keep the crowds away. The orange show is now in its eighth year. It has raised at some time during every one of the twelve shows, except two, 1912 and 1921.

Another entertainment feature today was the girls' glee club from Pomona College.

The original Ramona of fiction fame, the actress who was the wife of Alessandro, is in daily attendance at the orange show with the display of the Hensel Valley Chamber of Commerce. She is now near 90 years of age. Residents of San Jacinto, who were living there at the time of the killing of her husband were here today and vouch for her identity.

**LONG LIFE ENDS.**

Resident of Orange County for Fifty Years Dies at Santa Ana.

(EXCLUSIVE DISPATCH.)  
SANTA ANA, Feb. 20.—James Davidson Ott, Orange county pioneer, died at his home at 443 South Eucalyptus street early this morning.

He was nearly 81 years old, and had never had an ill day in his life until about five weeks ago when he was taken with what proved to be his final illness. He became rapidly worse with death coming this morning.

Mr. Ott came to California in 1871 and settled at Anaheim Landing at the present site of Seal Beach. He was in the lighter service there for many years and successfully piloted the clumy lighters out to passing vessels in all kinds of weather without a serious accident.

Prior to the division of Los Angeles and Orange counties, when the district was all Los Angeles county, Mr. Ott was a Supervisor for one term.

Mr. Ott was a Supervisor for one term.

**FIGHTS OFF BANDIT.**

Stage Driver Refuses to Obey Command of Highwayman.

(LOCAL CORRESPONDENCE.)  
RIVERSIDE, Feb. 20.—"Tratt em rough," is the gamely J. H. Smith, driver of a jitney for the Motor Transit Company, suggests when dealing with hold-up men.

"Give me all you've got," was demanded of Smith by a masked man when the driver was returning to headquarters on his last run shortly before 10 o'clock last night. The bandit jumped on the steps of the car and as he did so Smith pulled the lever which operates the automatic door, dislodging the intruder, who hurriedly picked himself up and began clambering farther back. A passenger departed by way of a rear window as Smith dislodged the bandit a second time with an iron camp-stove.

This ruse enabled the driver to get his bus under way, a companion of the hold-up man contenting himself with sending after the speeding car a volley of profanity. The police were immediately furnished a description of the man who attempted to board the car, and later two Mexican suspects were placed under arrest.

## The Yuma Mesa

Yuma, Arizona

The Yuma Mesa---

On the Yuma Mesa, within the Yuma Auxiliary Reclamation Project, there are 45,000 acres of the best citrus fruit lands in the Southwest. This land is on the main line of the Southern Pacific Railway and 250 miles from Los Angeles.

The Yuma Mesa---

On the Yuma Mesa in forty-five years' observation there has been no killing frost. No damage has been done to citrus fruits or garden vegetables in the coldest winters. This is the only absolutely frostless citrus fruit land in the United States.

The Yuma Mesa---

Oranges and grapefruit grown on the Yuma Mesa come into the market on November 1, full two months ahead of the California fruit and at a time when the market is practically bare of citrus fruit. This fruit commands the highest price in the markets of the country.

The Yuma Mesa---

There has never been any pest or scale of any kind in the orange, lemon and grapefruit groves on the Yuma Mesa. A smudge pot would be a curiosity and spraying and fumigating is an unknown art?

The Yuma Mesa---

The U. S. Reclamation Service will be ready to deliver water to 2800 acres of land in Unit B of the Yuma Mesa by April 15. This land is divided into farm tracts or units of 10 to 20 acres. It is level, covered with a light growth of grasswood and can be planted to citrus fruit at a minimum of expense.

The Yuma Mesa---

The estimated cost of serving five feet of water to this Yuma Mesa land by the Reclamation Service is \$7.00 to \$8.00 per acre for the first three years. After that when the service has developed its own power the cost will be less.

The Yuma Mesa---

Land in Unit B of the Yuma Mesa held in private hands or by local people can be purchased at from \$50.00 to \$100.000 per acre plus the water right. The water right costs \$200.00 per acre. The water system being installed by the Reclamation Service is a pipe line system, all under ground. The very best of concrete pipe is being used.

The Yuma Mesa---

## LAW AND ORDER BELOW BORDER.

Reports of Rebellions in  
Mexico Held Untrue.

Factional Disputes Only, Says  
Gov. Jose Y. Lugo.

Americans Invited to Help  
Open Vast Empire.

Factional differences in Northern Mexico are not revolts or rebellions against the present government of Mexico and President Obregon's authority is recognized by both sides in sectional disputes where such have been reported during the past week or so. It was declared yesterday by Sr. Jose Y. Lugo, Governor of Lower California just before he left for Mexico after spending several days in Los Angeles on business.

"It is incorrect to term such disturbances revolts," the Governor stated. "The trouble is brought about by personal differences between local officials who seek to establish themselves as local leaders. But in all cases such officials recognize the Federal government as the supreme authority. None of the districts along the border questions President Obregon's authority and representatives of the Mexican government are bringing order in the dissatisfied sections as fast as Federal officials can be sent."

Gov. Lugo declared Col. Francisco Cardenas, who was reported at the head of 200 men in the State of Michoacan, was fighting a personal quarrel with local officials in the district, but he said the colonel recognized President Obregon as supreme authority. The Governor declared there was little likelihood that there would be any clash between Col. Cardenas' men and the Federal forces under Gen. Enrique Estrada.

**ORDER ESTABLISHED.**  
"The Mexican government has established law and order over Northern Mexico and is fully capable of maintaining such order," declared the Governor, adding that some districts in that section have been in turmoil for so many years that it takes time to substitute peaceful rule, but the courts and other civil governmental machinery are functioning with increasing success. And life and property of Americans as well as other nationals are safe in all sections of Mexico at present."

Rumors of attacks by armed forces on border towns need not be taken seriously, he continued. "There is much more talk on this side of the international line than events on the Mexican side justify," he declared. "There is at present no disturbance or threat of disturbance that can not be dealt with as ordinary police matters. Certainly no revolts."

**CLOSE TO OBREGON.**  
The Governor, who assumed his present office the 1st inst., was making his first visit to Los Angeles. He formerly was a member of President Obregon's Cabinet and is considered one of the strong men of the present regime.

"My visit is mostly to become acquainted with our neighbors," he said. "There should be many things in common with my country and Southern California and it is my purpose and the purpose of my government to bring the communities into as close and as friendly relations as may be possible."

"There are numerous opportunities for investment of American capital in Lower California," he continued. "Such investments offer excellent returns and the degree of safety should satisfy the most timid."

"Lower California is a vast empire at present undeveloped. It has climate, soil and potentialities equal to Southern California. The West Coast lands are similar in everything to the world-famous garden spot of which Los Angeles is the center. Anything grown in the Southernland can be grown in Lower California. The coast offers ready access to markets. Lands are cheap and easily developed. No spot in the world offers more opportunities for staple and profitable investment than does the country south of California."

**SETTLERS WELCOME.**  
The Governor declared the Mexican administration was very favorable to foreign capital and settlers. "Every inducement possible is being offered that will add to development of the State," he said. "The national as well as the State government will welcome foreign settlers as well as foreign capital. Taxation, policing and all governmental functions will be put in favor of foreign capital. We recognize the fact that foreign money and foreign men are needed and there is room for all."

The Governor especially extended a welcome to Americans. He expressed himself as friendly to the United States and willing that results in his district should be considered when the question of recognition of the Mexican government by the Harding administration is discussed.

"It shall be my endeavor to maintain political relations as friendly as possible with the United States," he stated. "My country is too close a neighbor of the United States to permit misunderstandings to interfere with international intercourse. It shall be my purpose to clear misunderstandings as fast as such may arise. There is no obstacle to continued friendship of the two nations and my country will do its utmost to inspire and maintain a condition of mutual trust and good will."

"Commercial, industrial and financial relations of necessity are very close if Lower California is to thrive," continued the Governor. "My country needs your machinery, your capital, your genius for cultivating new ground and for development generally in return for your investments we have to offer a virgin land capable of producing a tremendous surplus of foodstuffs, minerals and other commodities now in world-wide demand. It shall be my purpose to bring the west coast district into its proper place in world trade. I shall welcome as associates all Americans and other nationals who recognize the opportunities offered and who are willing to work for our mutual advantage."

Gov. Lugo had little to say regarding recognition of the Obregon

## ONE OF STATE'S WONDER SCENES

Devil Postpile, Crumbling  
Monument, to be shown  
in Rotogravure.

Next Sunday's Times rotogravure section will show a full page of photographs of California's crumbling national monument, the prehistoric Devil Postpile, one of the State's most interesting natural wonders.

The Times Quest for the fairest daughters of the Southwest closes tomorrow. Next Sunday's rotogravure section will contain a full page of portraits of entrants in the Beauty Quest. A full page containing five camera studies by Mode Wineman of the late Mrs. Modjeska. These studies were made at the Modjeska California ranch, in Orange county.

The lure of springtime modes will be found on Peggy Hamilton's fashion page, showing the latest fashions from fashion's throne. You will smile with W. E. Hill and his page of sketches from life. This week he uses for his subject the hotel telephone switchboard, and the operators.

government by the United States, but it was evident he is confident such recognition will be extended in the near future. "Mexico is taking the proper place among the nations of the world," he concluded. "Our government is firmly established. It protects property and life. It is recognized in all parts of Mexico. It is functioning de facto and de jure. It will be recognized and a period of peace, prosperity and progress will begin which should and will continue indefinitely."

## THIS CITY NATURAL MARKET.

"Lower California will share such progress and this magnificent city of Los Angeles has much to gain by aiding the advancement of the west coast section. This city is our natural market and financial center. We shall do our part to advance our mutual interests and when Los Angeles business men have a full understanding of the situation they will do their part. That will mean much for all concerned."

Gov. Lugo declared he expected to keep closely in touch with conditions in Los Angeles and he expected to be a visitor here often during his term as Governor of Lower California.

## MUSIC BY RADIO HEARD AT BANQUET

Theater Program Sent to  
Luncheon Meeting of the  
Electric Club.

For the first time in this city music was furnished by wireless at a banquet at the Alexandria yesterday noon when members of the Electric Club "listened in" on a concert sent broadcast from a wireless station at the Kinema Theater. By means of the magnavox attachment, the orchestra and vocal numbers filled the banquet room as though the performers were actually present.

H. L. Harper, president of the Electric Club, introduced A. E. Peat as chairman of the day. Mr. Peat was connected with the San Joaquin Light and Power Company at Fresno.

"Proposed Financial Legislation" was discussed by L. H. Harper, vice-president of the Security Trust and Savings Bank. President Moore of the University of California, Southern Branch, talked on "The Possibilities of Specializing on Education." Two hundred attended the banquet.

## PLEA OF NOT GUILTY MADE IN MAIL THEFT.

PRISONER WHO WAS REPORTED TO HAVE CONFESSIONED DENIES SHARE.

The case of the government against Herbert R. Cox and Herbert Wilson, jointly charged with holding up and robbing Nelson H. Grimes and Jesse R. Alexander, in charge of a mail truck, en route to the Santa Fe station, on the night of March 1, 1931, took an unexpected twist in United States District Judge Trippett's court yesterday, when Cox entered a plea of not guilty. The case will be set for trial on the first Monday of March.

Wilson pleaded not guilty some weeks ago. Cox had no attorney and made no answer until yesterday.

Following the arrest of the pair, Cox went before United States Attorney Burke, Postoffice Inspector Cellar and other officials and was reported to have made a complete confession, not only implicating Wilson, but himself. This confession was not signed. However, Cox was said to be in the hands of the Federal officials.

The mail robbers got about \$400,000 as the result of the theft, and of this more than \$300,000 has been recovered.

## MRS. ZAHN APPOINTED.

Mayor Croy Names New Member  
for Library Board.

Mrs. Frances Harmon Zahn yesterday was appointed to the Board of Library Directors by Mayor Croy, and the appointment, which was sent to the Council for confirmation, was referred to the Library Committee. Mrs. Zahn is the wife of Otto J. Zahn of the Humane Animal Commission, and she has previously been a member of the city and the State boards of education. Her appointment was made to fill the vacancy caused by the death of Dr. Walter Lindley.

## Court Releases Asserted Fence of Bank Bandit.

Mildred Tilton, the young woman who was accused of receiving stolen property from Don Kirby, one of two asserted bank bandits who are charged with robbing the manager of the State Bank at the Palms, was released yesterday by Justice Forbes.

Upon the motion of Dep. Dist. Atty. Pitts, the case was taken off the calendar and the defendant was released.

It was charged that Kirby stole two dresses, valued at \$100, and a diamond lavalliere valued at \$100, from Clara De Baker and that Miss Tilton received the stolen articles. It was not shown that the defendant knew the articles were stolen when she purchased one and was presented with the others. The articles were returned to Miss De Baker.

## ACCUSED OF ROBBERY.

Suspect Used Whisky as Lure,  
Victim Charges.

Charged with robbing the man to whom he had promised to sell \$1200 worth of whisky, Leonard Davis was held to answer yesterday by Justice Forbes on a charge of robbery. Hall was fixed at \$1000. It was charged that Davis lured W. I. Oates to a dark place on a pier at Los Angeles Harbor where he was robbed by two men.

William Williams and F. R. Wood, now in the County Jail, stated to the court that Davis planned the robbery and then kept their share of the asserted loot.

## Husband Gave Her Worthless Check, Charge

Grace Sherwood was very happy she says to have Guy Albert Alderson for a husband, because, as he informed her, he was well-to-do. She asserts that he told her, his wife would have a fine home and would not be expected to do the housework herself as he only wanted a chance to care for her.

They were married in August, 1928. Immediately after the wedding, while stopping at a hotel, she declared in a divorce suit filed yesterday, that he gave her a \$50 check, which she cashed at the hotel. The check was not honored by the bank upon which it was drawn, she asserts.

Mrs. Alderson further complained that her husband insulted her friends when they called on her. Because of these and other asserted acts she said she lost in weight, going down from 135 to eighty-seven pounds, also suffering a nervous breakdown.

## SENATE IS BALKED. WAR ITSELF SCRAPPED.

...Harding Refuses Pact Records. Declares No Minutes Were Kept, Information Against Public Interest.

...Favorable Report Made on Treaty With Japan on Island of Yap.

...WASHINGTON, Feb. 20.—President Harding informed the Senate today he could not comply with its request for records of the four-power Pacific treaty negotiations because no such records ever existed, and because he considered it incompatible with the public interest to reveal "informal and confidential conversations."

...The President's five-sentence reply to the resolutions of inquiry during the Arms conference by the Senate, which was accepted by those in charge of the treaty at the Capitol as closing the incident, although at the same time it aroused increased dissatisfaction among Senators who had been in the forefront of the move for more complete information.

...On the Yap treaty the committee divided ten to one, Senator Pittman, Democrat, Nevada, alone voting in the negative because he felt that insufficient committee consideration had been given to the treaty.

...The President's reply to the Senate resolution, which was adopted by the Senate last week, follows:

...HARDING'S REPLY. "In response to Senate resolution No. 127, regarding the records, minutes, arguments, and other communications, etc., relating to the so-called four-power treaty, I have to advise that no such records exist."

...The President's reply to the Senate resolution, which was adopted by the Senate last week, follows:

## HARVEY HELPS WELCOME BRITISH MISSION HEAD.

...Pilgrims' Society Dinner to Balfour. Notable; War in Pacific Now is Improbable, Says Curzon.

...LONDON, Feb. 20.—America joined in the praises of A. J. Balfour, head of the British mission at the Washington conference, in his welcome to the homeland, when the American Ambassador, George Harvey, addressed the Pilgrims' Society dinner tonight, at which 300 persons assembled.

...The Duke of York represented the royal family and the others included ministers of the Cabinet, civil and military leaders and official and unofficial representatives of the American community.

...It was a personal welcome for a great pilgrim, according to Marquis Curzon, in contrast to the official welcome accorded to Mr. Balfour by the government luncheon Thursday.

...The King by letter, which was read to the dinner, the Duke of York, Marquis Curzon and Mr. Balfour, indulged in eulogies of Mr. Balfour. Cheers greeted Ambassador Harvey's prediction that the United States Senate was as certain to ratify the various treaties as the British Parliament.

...As a result of the Pacific Pact, "not a man in this room can expect to see war in his part of the world," said Marquis Curzon, "not a man in this room can expect to see war in his part of the world."

...The conference, Mr. Balfour continued, was of unimpaired benefit to mankind. One or two things, he hoped, had been accomplished, but the greatest satisfaction was that nothing had been done which carried the evil seed of future misfortune.

...He did not agree with the only suggestion of criticism of the conference he had heard, that the results were limited to the League of Nations.

...The League could not have done what Washington did, he exclaimed enthusiastically and cheerfully. "The world is in such a condition that all machinery and

## HEIRESSES RUN HOTEL.

...Society Matrons Page Guests. Helen Gould Operates Soda Fountain; Vanderbilt Girl Biltmore Guard.

...Thousands of Dollars Taken Amid Rustling of Silken Lingerie.

...NEW YORK, Feb. 20.—The Hotel Biltmore was given into the hands of debutantes and society matrons today. Most of the hotel workers enjoyed a holiday, while an army of amateurs did their work. Three thousand of them took over the varied duties of the hotel in shifts of four hours and upward, more often upward.

...The first worker arrived at 8:30 a.m. No one was active. In the course of an hour 100 volunteers were on duty. By 10 o'clock there were 1000. They kept on coming all day until the hotel looked like a vast hospital filled with nurses. A clock tower morning the last of the girls will leave a sleeping hotel, white but cheerful. There will be no more dollars to be gathered in.

...All day long soft, ingratiating voices piping in the lobby, their quiet insistence in the restaurants, their dashing smiles at every guest brought in, their constant stream of money for the benefit of the Society for the Prevention and Relief of Tuberculosis. They took the hotel by storm. It was crowded by prominent people eager to watch the girls at work. A suggestion of events, despite the fact that the committee as "staid and staid" had been from early morning until late tonight.

...Shopping day and dancing all night did not compare with the fatigue of running a hotel and keeping every one happy, some of the tired and weary girls said. Their duties embraced the entire work of a hotel with the exception of elevator, kitchen, room and bath service. Half a dozen girls were posted at the desk, assigning guests to their rooms. When the first man arrived in the morning and found a volunteer clerk smiling at him across the desk he was inclined to be cross and the volunteer was

## ARMY CUT HITS WEST.

...Los Angeles Posts Would Be Abandoned if Congress Reduced Personnel to 100,000 Enlisted Men.

...WASHINGTON, Feb. 20.—If the United States Army is reduced to 100,000 men the Army will abandon any pretensions of defending great ports of the country with only three exceptions—San Francisco, New York and Hampton Roads.

...Fort MacArthur at Los Angeles and Rose Field at Arcadia would be abandoned. The force at Camp Lewis now consisting of one division, would be reduced to one division, and reductions made at all the more important Army bases with the exception of the three above named.

...Strategically placed. For strategic reasons a division is maintained at Camp Dix in New Jersey, another one at Camp Travis at San Antonio and still another at Camp Lewis in Washington. These cover the border and the Gulf, the Atlantic and the Pacific coasts, and are sufficient to be able to cope with any ordinary emergency in the slightest length of time and with the least possible transportation.

...It became known that Army authorities are planning to make a broadcast distribution of data and exhibits to show exactly what will

## GUARANTEED FROM INQUIRY

...Nebraska Educational Board Carefully Shelters Its Instructions.

...LINCOLN, Neb., Feb. 20.—Instructors in any of the State normal colleges of Nebraska hereafter will be refused leaves of absence to study or attend the universities of Columbia, Chicago and Northwestern, because the testimony of those who have been students and the news items in the daily press, show that cigarette smoking is common among women in these institutions, under a resolution adopted today by the Board of Education of State normal schools.

...HARVEY KEEPS WATCH. Ambassador George Harvey, representative of President Harding on the Supreme Council, it is learned, is under instructions to watch every development at the forthcoming conference of Allied Premiers in Paris. The meeting has just been called by Lord Curzon, British Foreign Minister, to determine a new allied policy for the Near East.

...When the question of modifying the Sevres treaty is taken up, the American State Department will be kept informed of each move in ample time. Every effort will be made to secure the

## EQUAL RIGHTS DEMANDED.

...Administration Determined United States Shall Have Square Deal in World's Oil Fields.

...WASHINGTON, Feb. 20.—President Harding and Secretary Hughes are preparing to make a determined stand for the doctrine of equal opportunity for Americans all over the world, particularly in the oil fields of the Near East. There discrimination against American enterprises is declared to exist.

...Secretary Hughes announced this determination in notes to Great Britain and The Netherlands some months before the Arms Conference was called. The Washington conference caused temporary abandonment of these activities, which are now to be renewed. Not only in Mesopotamia, where the United States has been standing for its rights under the mandate accorded to Great Britain but also in Persia, the Balkans and the Turkish empire, the United States purposes to insist upon Americans being accorded the same rights and privileges as are enjoyed by citizens of the allied countries.

...VIGOROUS PRESSURE. Vigorous pressure has been brought to bear upon the American government during the past two months by Americans in the Near East. The American commissioner in Constantinople has forwarded to Washington numerous protests from American firms. These protests invariably charge that allied nationals with the open or tacit encouragement of their governments are conspiring to exclude Americans from the work of developing the Balkans, Persia, the Turkish empire, Palestine and Mesopotamia.

...The most vigorous of the protests recently received is that of the American Chamber of Commerce for the Levant, which reached here today. It is in part: "The American Chamber of Commerce for the Levant has observed with grave anxiety and deep concern the encroachments upon, and damage to, American commercial interests in the Near East caused by entire absence of consideration for American interests evidenced by the principal allied powers in their relations with the various States."

Washington, Feb. 20.—A bitter struggle is under way in the House of Representatives to reduce the naval budget for the fiscal year 1923 to \$100,000,000. The House Naval Affairs Committee, headed by Representative Clegg, has introduced a bill to that effect. The bill would cut the naval budget by \$10,000,000 from the \$110,000,000 authorized by the House last year. The bill would also provide for the cancellation of \$10,000,000 of the naval debt.

The bill would also provide for the cancellation of \$10,000,000 of the naval debt. The bill would also provide for the cancellation of \$10,000,000 of the naval debt. The bill would also provide for the cancellation of \$10,000,000 of the naval debt.

## BRUTAL CRIME IS ADVOCATED.

Wholesale Slaughter Plan of Doukhobor Chief.

Would Kill Children, Sick and Infirm.

Wants Peculiar Sect to Roam as Vagabonds.

(EXCLUSIVE DISPATCH.)  
WINNIPEG (Man.) Feb. 20.—Wholesale slaughter of children and aged and sick persons, so Doukhobors of Western Canada may roam the country unhampered as a vagrant class in protest to high taxation, is contemplated by Peter Verigin, leader of the Doukhobor community. Declaration to this effect was presented in a statement by M. M. Kofitoff, manager of the headquarters of the Doukhobors for British Columbia, Saskatchewan and Alberta also are involved. All children under 18 years of age, together with the maimed and infirm, who cannot travel far, will be thrown into the Columbia River if Verigin's terrible proposal is acted upon. This will represent nearly half the Doukhobor population of Western Canada.

**FANATICAL SECT.**  
How fanatical the Doukhobors are may be judged from the fact that on more than one occasion they have made midwinter pilgrimages while both men and women were absolutely nude. One of the duties of the Royal Northwest Mounted Police has been to chase these pilgrims, wrap buffalo robes around the women and bring them back to their homes. Almost any small disturbance has been known to cause a pilgrimage.

Fanatics who respect Verigin's judgment agree with his offer. Kofitoff declares. They urge that the able-bodied go about the country preaching the coming of

## FARM STUDENTS WASHED DOWN.

Fire Hose Used to Break Up Class Battle in Quiet Village.

(BY A. P. MURPHY WIRE.)  
LYNNBROOK (N. Y.) Feb. 20.—Fire hose broke up a fierce class-battle in this peaceful Long Island village last night. The sophomores, though outnumbered three to one, had succeeded in tying forty of the 150 freshmen in the fight. One of the students was thrown in front of an automobile and badly hurt and many others carried away black eyes and bruises. The town constabulary and all town officials were worried, but they got ten of the students in jail.

Christ and conducting themselves as "a vagrant working class."

**TO SELL PROPERTY.**  
Liquidation of all material property owned by the Doukhobors in British Columbia, Alberta and Saskatchewan was discussed with favor at a mass meeting of the Doukhobor colony, Kofitoff averred.

The communities will sell their lands and stock to pay their debts if the idea takes root and will become widespread. Of the high taxes, Kofitoff says: "The government is laying a great upon the Doukhobors from all sources." Doukhobor women, Kofitoff says, probably will oppose the killing of the children, and will protest against the throwing of the maimed bodies into the river. Verigin, he asserts, really realizes the killing of the children would be a "supreme crime."

## PAIR JOIN IN DEATH AFTER STRANGE LIFE.

(BY CABLE AND ASSOCIATED PRESS.)  
GENEVA, Feb. 20.—A couple named Blader, separated for thirty years, have been joined in death at Kuesnacht, near Lucerne. For reasons they never told, they parted a month after marriage, having to each other on the street, but never speaking. Recently the wife died. The husband wrote a note asking to be buried near her, and an hour later he was found dead. Doctors found no indications of suicide, and friends said he died of a broken heart.

## OIL COMPANIES WIN LAND TITLE.

(BY A. P. MURPHY WIRE.)  
SAN FRANCISCO, Feb. 20.—The title of the California-Midway Associated, Standard and other oil companies, to oil land known as the McMurry locations, comprising a quarter section of land in the Midway oil fields, valued at upward of \$1,000,000, was upheld today by the United States Circuit Court of Appeals.

The government had attacked the company's title on the ground that L. B. McMurry had been guilty of fraud in locating the claims in 1902. The court affirmed the decision of the District Court, which was that there had been no fraud.

## IOWA BLAZE COSTLY.

(BY A. P. MURPHY WIRE.)  
CORWYTH (Iowa) Feb. 20.—Fire today destroyed four business blocks, inflicting a loss estimated at upward of \$125,000.

A very lucky strike for William Tell, Jr. One of the luckiest in history, when you consider the consequences.

## THE WORLD'S NEWS IN SPANISH

For the benefit of the many Spanish-speaking friends of The Times and the many students of that tongue in Los Angeles, The Times presents herewith a digest of the most important news of the day in Spanish. A weekly knowledge of correct everyday Spanish is an asset of immense value, especially in the Southwest, as is indicated by the fact that public and private Spanish instructors have more than 15,000 pupils in Los Angeles alone.

Para beneficio de los muchos amigos de habla castellana que tienen el Times, así como también para ayudar a los estudiantes de este idioma en Los Angeles, el Times tiene el gusto de ofrecerles una serie de noticias importantes de última hora, en español. El conocimiento de este idioma, expuesto en una forma sencilla, usando frases de uso diario, es de gran valor, especialmente para los residentes del suroeste del Estado. En esta ciudad actualmente hay más de 15,000 personas que se dedican al estudio de la lengua española.

**NOTAS TELEGRAFICAS.**  
Convenio de Petróleo Mexicano. CIUDAD DE MEXICO, febrero 20.—El Sr. Secretario de la Tesorería de la Huerta hizo ayer público los términos de un convenio llevado a cabo por el gobierno de Estados Unidos y las compañías americanas con respecto a la contribución de exportaciones. Bajo este convenio dichas compañías pagarán a México cerca de 15,000,000 pesos. Esto representa aproximadamente el cuarenta por ciento de la cantidad fijada por el gobierno en su orden del día 2 de junio. Se discutirán otras contribuciones en lo sucesivo. El Sr. Presidente ha convenido también el arreglo y firmará el nuevo decreto posiblemente hoy.

**SENATE CANDIDACY.**  
IOWA CONGRESSMAN PLANS TO ENTER PRIMARY IN JUNE.

(EXCLUSIVE DISPATCH.)  
WASHINGTON, Feb. 20.—Representative Burton E. Sweet of the Third Iowa District today announced his intention of entering the Iowa primary in June for the Senatorial nomination and will at once get actively into the campaign.

Mr. Sweet has concluded to enter the primary in June for the United States Senatorship. Mr. Sweet said today: "I take this step with some trepidation for the good people of the Third Iowa District have treated me with unusual kindness and consideration, but I believe that they will approve of my decision."

The United States Senate is a high office to aspire to. It can assure the people of Iowa that if nominated and elected to the upper house I will continue the aggressive work in the interest that I have performed in the national House of Representatives during the four times they have been good enough to elect me.

Mr. Sweet stated that he is in favor of bonus legislation and voted for the bonus bill which passed the House in June, 1920. Mr. Sweet's friends say he will take into the Iowa Senatorial campaign a record of achievement in the House of Representatives. He is recognized here as the sponsor of practically all the national legislation for the disabled service men of the World War. Two constructive measures bear his name and are nationally known as the "Sweet bills."

## HISTORICAL FORT IS TO BE ABANDONED.

(BY A. P. MURPHY WIRE.)  
SAN ANTONIO, Feb. 20.—Fort Apache, a romantic frontier military post and center of the Indian fighting in the early days of Arizona, is to be abandoned in the near future. It was announced at headquarters of the Eighth Corps here.

The famous fort has now lost its strategic value, and, sixty miles from the railroad, its upkeep is too expensive for the War Department's plan of economy. Fort Apache was established in 1877, when the Apache Indians became troublesome.

## BOYCOTT IN LONDON OVER PRICE OF BEER.

(BY CABLE AND ASSOCIATED PRESS.)  
LONDON, Feb. 20.—A considerable portion of the dock workers and car drivers in the London area today obeyed the instructions of the National Federation of Transport Workers for a boycott on beer, which is an answer to the alleged excessive prices along with brewery wage cuts.

## KANSAS CITY EGGS DOWN FOUR CENTS.

(BY A. P. MURPHY WIRE.)  
KANSAS CITY, Feb. 20.—Eggs fell 4 cents wholesale today. Dealers were paying 23 cents a dozen for firsts and 29 cents for selected cases lots.

These prices are 3 cents lower than a year ago.

## NEW POLITICAL MOVE PLANNED.

Want Workmen in Halls of Congress.

Socialists and Unionites in Coalition.

Seek to Grab Primaries of Old Parties.

(BY A. P. NIGHT WIRE.)  
CHICAGO, Feb. 20.—Unanimous support of a new movement to install men and women of the working class in the nation's legislative halls was pledged by farmers, members of the Socialist and Farmer Labor parties, labor union leaders and citizens at a conference today, called by a group of railroad union men, headed by William R. Johnston, president of the International Association of Machinists.

Declared by Morris Hillquit of New York to be "the most significant event that has taken place in the American labor movement for a generation," the conference brought together leaders of high labor and minor political party circles.

Although Chairman Johnston declared in his opening address that the time was not yet ripe for formation of a new party, today's meeting was expected to develop the form of a new political organization which some delegates said would be functioning by 1924.

Nonpartisan action. Nonpartisan political action in the 1924 elections was the keynote of the meeting. A dozen speakers pledged their support of a program to induce candidates favorable to the workingman. Committees on program and organization will report to the convention tomorrow, when definite plans are expected to be adopted.

By combining their efforts, workers of every class could build a political machine which would elect to office men and women truly representative of the people of the United States, E. J. Manion of the Order of Railway Telegraphers told the delegates, and both he and Thomas Van Lear, former Mayor of Minneapolis, pledged their support to such a movement.

Morris Hillquit of the Socialist party declared he was not at the meeting to make political capital and did not seek office for Socialist candidates there.

"We are willing to give everything we have as a party and as a movement toward the common cause," Mr. Hillquit declared. "This is the first time that the progressive elements of all divergent classes have gathered together in one common action. I believe it is the most significant event that has taken place in the American labor movement for a generation."

The Rev. Herbert Riegler of Cincinnati made a plea to capture the primaries in the established parties by electing men representative of the workers' interests and H. F. Samuels, a farmer of Idaho, urged the unity of all classes in achieving that end. He declared he had "looked and hoped for this kind of thing for a long time."

Another clergyman, the Rev. Richard Rogers of Philadelphia, executive secretary of the Church League for Industrial Democracy, pointed out the opportunity to capture the primaries by electing men representative of the workers' interests and H. F. Samuels, a farmer of Idaho, urged the unity of all classes in achieving that end. He declared he had "looked and hoped for this kind of thing for a long time."

The organized farmer party, represented by J. G. Brown, national secretary, was friendly to the new movement, asserted Mr. Brown, who pledged his support "in any liberal plan of coalition."

"We must depend on ourselves and not on political friends," he declared. "We must have leadership within our own ranks."

The same idea was expressed by James H. Maurer, of the national executive council of the Socialist party and president of the Pennsylvania State Federation of Labor.

"I am willing to go the limit with you," said Mr. Maurer, "to bring the preceding classes together for common political action."

Following the election of Mr. Johnston as permanent chairman and Benjamin C. Marsh, of the Farmers' National Council, as secretary, the committees were named as follows:

Program: Basil Manly, J. H. Franklin, George F. Griffith, E. J. Manion, Herbert Riegler, H. F. Samuels, H. F. Samuels, J. G. Brown, James O'Neal, Harry W. Fox and Miss Alice Lorraine Daly. Organization: Frederic C. Howe, John P. Patterson, Timothy Healy, James Maurer, Martin F. Ryan, Morris Hillquit, E. C. Curtis, Arthur E. Holber and Miss Agnes Nesbit.

The conference will determine the disposition of the three former German cables in the Atlantic, two of which now are operated by France and the other by Great Britain, and ratify the allocation of German cables in the Pacific, which, under an agreement reached during the Arms Conference, are to be divided among Japan, the United States and the Netherlands.

## STRIKES AGAINST EMPTY CHURCH

Something Wrong With His Sermons or People, Is Pastor's Decision.

(BY CABLE AND ASSOCIATED PRESS.)  
BLACKPOOL (Eng.) Feb. 20.—The Rev. Adam Hamilton, pastor of one of the congregational churches here, has announced his intention of going on strike for two weeks. He said the empty pews in his church showed there was something wrong either with his sermons or the church.

## WESTERN PACIFIC TO TAKE OVER ROAD.

WILL ISSUE BONDS FOR PURCHASE OF LINES AT SACRAMENTO.

(BY A. P. NIGHT WIRE.)  
WILMINGTON (Del.) Feb. 20.—At a special meeting of the stockholders of the Western Pacific Railroad Corporation here today a proposal was unanimously approved, it was announced, for the issuing of first mortgage bonds of the Western Pacific Railroad Company for the purchase of additional lines of the Sacramento Northern Railroad Company, consisting of the electric lines connecting with the main line of the Western Pacific.

The electric railways and the other properties of the Sacramento Northern Railroad Company are to be conveyed to the Sacramento Northern Railroad Company, and the securities representing them are to be all the authorized capital stock of the Sacramento Northern Railroad Company or all the capital stock, except such as is necessary to qualify directors and all of the outstanding mortgage bonds of the Sacramento Northern Railroad, or not less than approximately \$5,000,000, the principal amount. The proposed payment for the purchase of the electric lines will exceed \$1,000,000.

A second proposal was approved for the authentication of first mortgage bonds of the Western Pacific Railroad Company for the construction or extension of a line from Woodland to Vacaville, Cal., a connection with the existing line from Vacaville to Willits, and through to Vallejo, if it is desired or deemed advisable by the board of directors. The cost will exceed \$1,000,000.

## NEGRO SOCIETY AIDS COLORED FUGITIVE.

DEFENSE FUND: LYNCHING EVIDENCE RAISED TO HELP BULLOCK.

(BY A. P. NIGHT WIRE.)  
NEW YORK, Feb. 20.—The National Association for the Advancement of Colored People is preparing to send several witnesses and a mass of documentary evidence to Hamilton, Ont., to aid Matthew Bullock in his fight against extradition to Norfolk, N. C., to face a charge of attempted murder. It was announced today by Walter P. White, assistant secretary.

The organization also has raised a defense fund for Bullock and is prepared to do everything in its power to prevent his return to the South, the statement said, because of the possibility that he would be lynched. Bullock, the statement said, could only be fairly accused of attempted murder, as he shot only in self-defense against a mob. "The case is of tremendous importance," the statement said, "as it shows the knowledge of lynchings is so widespread that a friendly government has grounds for believing that neither the United States nor certain State governments can give its citizens a fair trial or prevent them from mob violence. North Carolina's record of sixty-three lynchings in thirty-two years, proves that State incapable of protecting Bullock."

Charged With Shooting Brother. (EXCLUSIVE DISPATCH.)  
NEW YORK, Feb. 20.—Lena Russo, 18 years old, was arrested today charged with shooting her 21-year-old brother, Alfonso, during a quarrel which started when he upbraided her for letting her beau stay late. The police said she fired five shots.

BISHOP & COMPANY

## BISHOP IS AGAINST VOLSTEAD MEASURE.

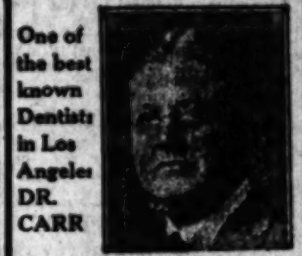

(BY A. P. DAY WIRE.)  
CHICAGO, Feb. 20.—Bishop Thomas F. Gallor, president of the National Council of the Episcopal Church, said in an address here last night, that he believed "The Eighteenth Amendment was a mistake." He also said that he believed in the modification of the Volstead law.

## FOREIGN OFFERINGS LEAD BOND MARKET.

(BY A. P. NIGHT WIRE.)  
NEW YORK, Feb. 20.—Foreign offerings again overshadowed all other issues in today's strong and more expansive market. United Kingdoms, most of the French issues and Belgian, Japanese, Chinese and Chilean issues hardened in some instances to highest prices for the movement. Many low-priced rails moved forward, with the better trend of those issues in the stock list. Dealings in the Missouri, Kansas and Texas group, Missouri Pacific, Seaboard Air Line, St. Louis and San Francisco and Minneapolis and St. Louis were most active. Liberty and Victory issues contributed less than their usual proportion, closing at irregular changes. Total sales, par value, aggregated \$15,375,000.

## CODE IS IMPROVING.

(BY A. P. NIGHT WIRE.)  
BOSTON, Feb. 20.—The condition of Irish R. Cobb, humorist and author, whose lecture tour was interrupted here by an attack of influenza, was reported today as considerably improved.

## Why alert investors demand Title Insurance

Carelessness or dishonesty in drawing deeds, leases, wills—or conveyances of any kind; carelessness or dishonesty in making up court records; carelessness or dishonesty in paying or collecting taxes—in these ways and many other ways, carelessness and dishonesty have undermined titles, until buildings and lands worth fortunes have been snatched from men who believed they owned them in perfect security.

Why, therefore, should you place your money in a business block or a home and risk an imperfect title when a small premium will make you secure?

Why hazard, not only the price of the lot you buy, but the cost of the buildings you place upon it as well—when a few dollars paid for title insurance will give you absolute protection?

# "millions now living will never die"

Judge Rutherford.

A FREE LECTURE at the Trinity Auditorium, Sunday afternoon, Judge Rutherford will prove by Biblical prophecies recently fulfilled, and others being fulfilled, that millions of people now living on earth will never die. Thousands in Southern California will live forever in happiness on earth and not die.

## Judge Rutherford says:

**FULFILLED PROPHECY** settles the fact that Bible Students were forty years ago when they began to proclaim that in 1914 a world war would begin, and that famine, pestilence, distress of nations and revolutions would speedily follow. They based this upon the Bible. The message received scant attention; even the clergy scoffed and laughed. Now the facts compel their silence. But the end is not yet. He said: 'These things are but the beginning of sorrows.'

**TAKE HEED!** The old world has ended! The new is at hand! The bankrupted nations, left thousands of jobless, starving ex-soldiers, and created an army of discontents. Nations are in distress and anarchy. Men's hearts are failing them for fear. **THERE IS A REMEDY. THERE IS A SPECIFIC REMEDY.** To avert the explosion, the clergy, big business and professional politicians unite; but their efforts will fail unless they apply the divine remedy.

**THE IMPENDING PERIL** should arouse clergymen to break their chains, cut loose from ecclesiastical bondage and explain to the people the prophecies now being fulfilled. Why should not all Christians work in harmony? I cordially invite the clergymen of Los Angeles to hear me at TRINITY. If my interpretation of the Bible is wrong, then the clergymen owe it to the people to tell them wherein it is wrong. If right, then I appeal to the clergy to tell the people the truth; to comfort suffering humanity by boldly proclaiming that this is the day of the Lord's vengeance, that the kingdom of heaven is at hand, and that millions now living will never die."

## JUDGE RUTHERFORD

Sunday Afternoon, February 26th, at 3 o'clock, in the

### TRINITY AUDITORIUM

NO COLLECTION

ALL INVITED

To Be Broadcast from the Kinema Radio Station, Government Call K O G, by the Western Radio Electric Co.

Through the courtesy of the Western Radio Electric Co. of 637 South Hope Street, operating the Kinema Theater transmitter, approximately twenty-five thousand persons within a radius of 1500 miles will "listen in" to hear Judge Rutherford cite evidence proving that millions now living will never die. At 1:30 sharp, Sunday, Feb. 26th, a phonograph music record will be broadcasted to enable listeners to "tune in" for the lecture that will immediately follow.

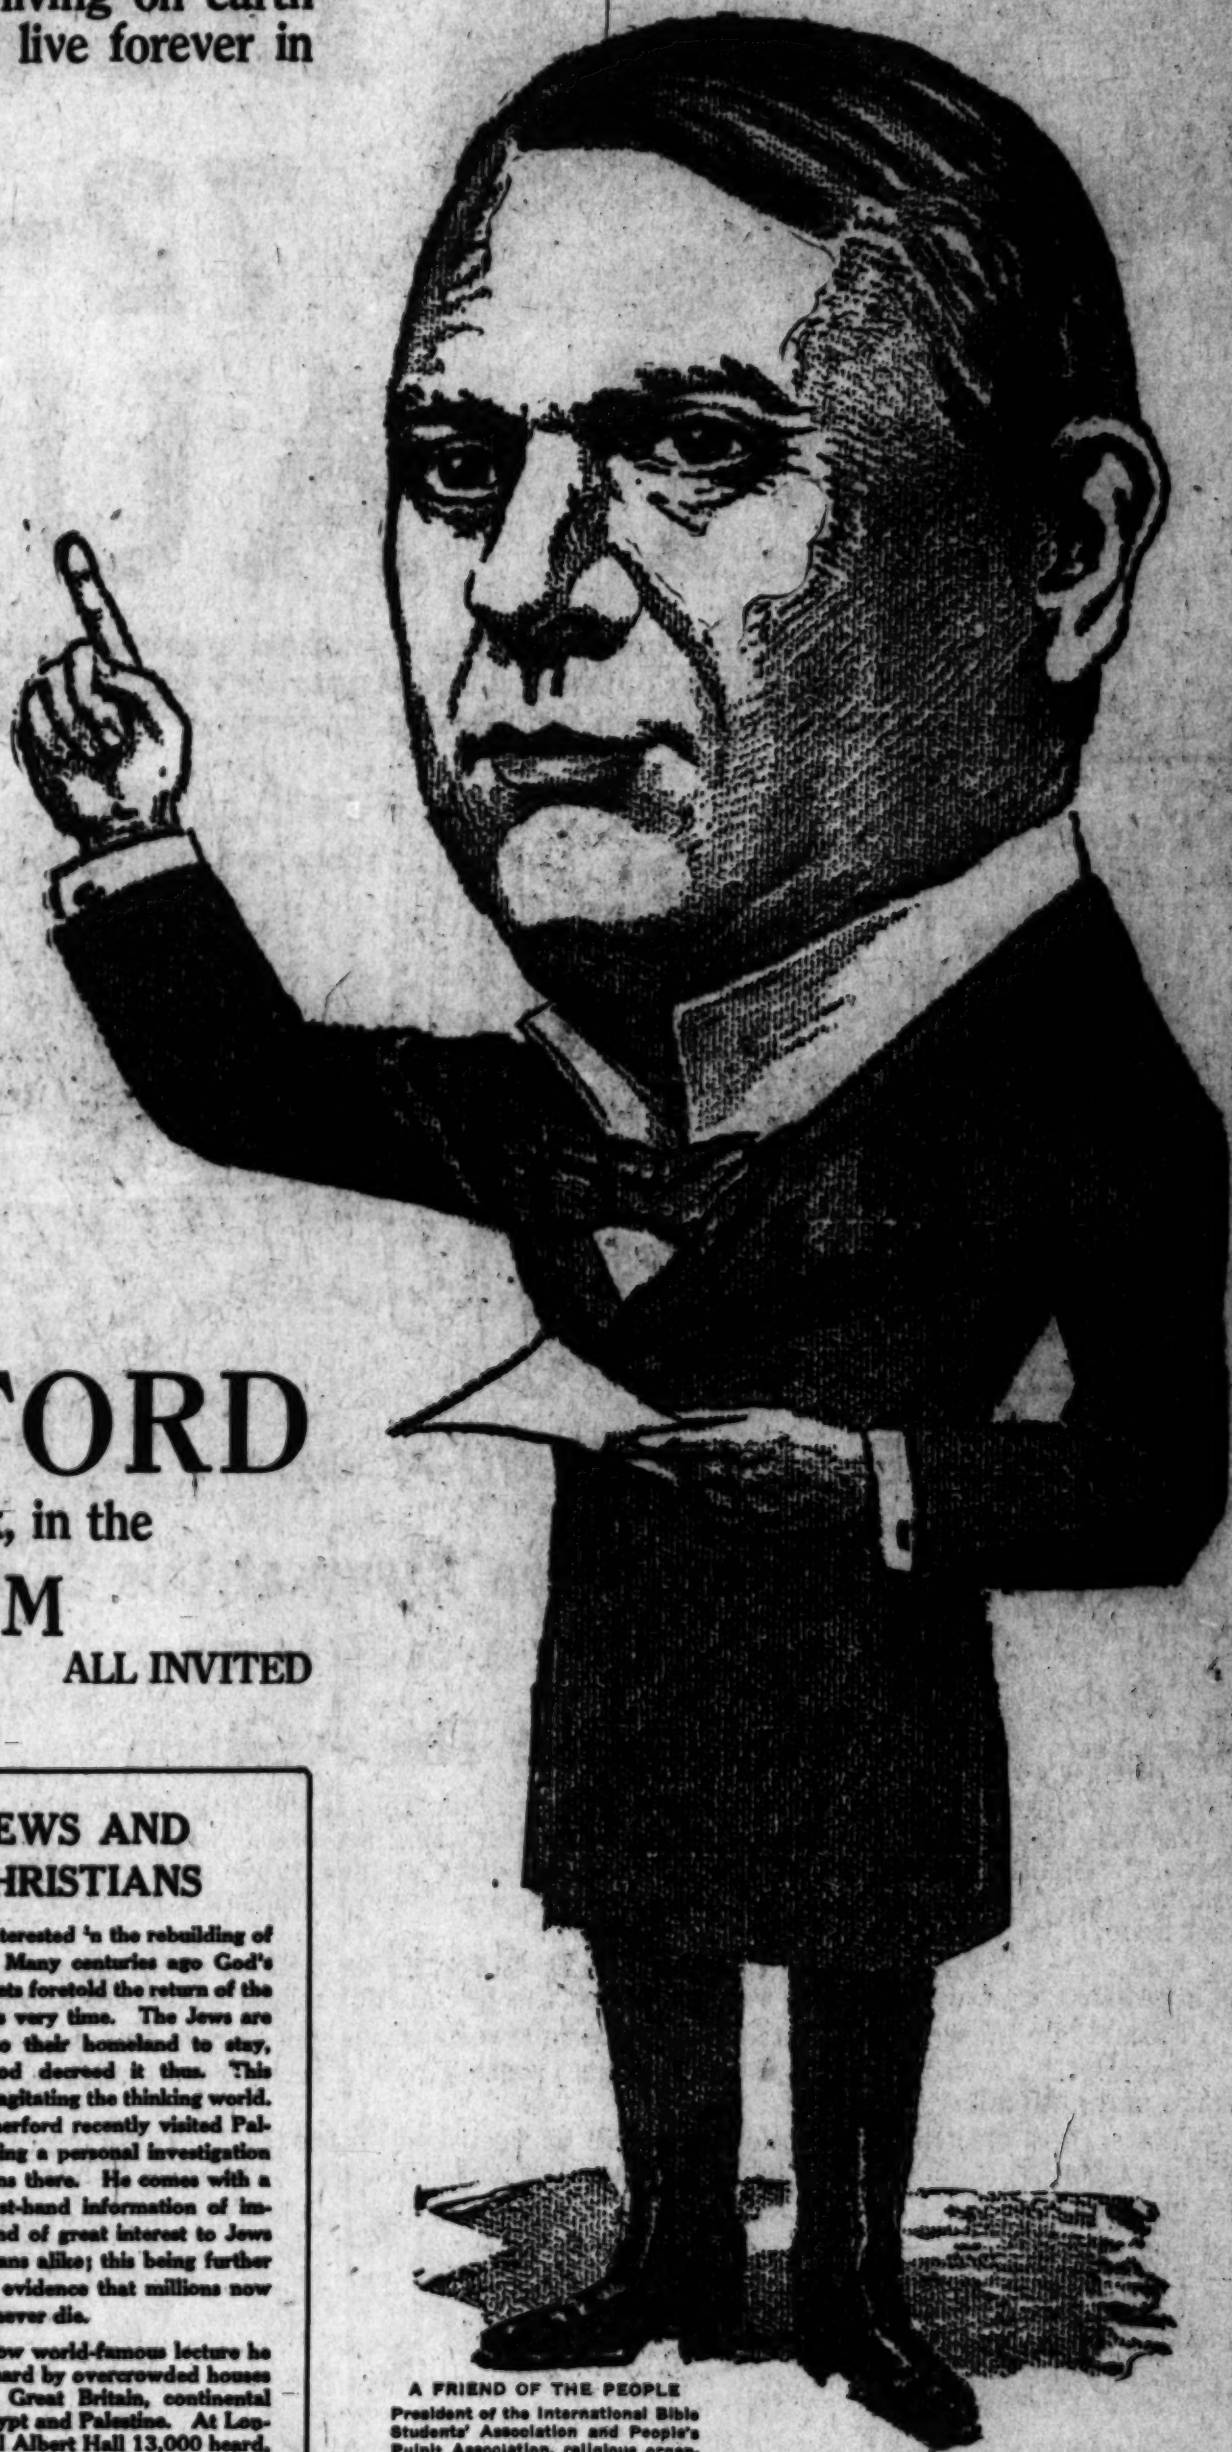

### Jews and Christians

Alone are interested in the rebuilding of Palestine. Many centuries ago God's holy prophets foretold the return of the Jews at this very time. The Jews are returning to their homeland to stay, because God decreed it thus. This question is agitating the thinking world. Judge Rutherford recently visited Palestine, making a personal investigation of conditions there. He comes with a fund of first-hand information of importance and of great interest to Jews and Christians alike; this being further cumulative evidence that millions now living will never die.

In this new world-famous lecture he has been heard by overcrowded houses throughout Great Britain, continental Europe, Egypt and Palestine. At London's Royal Albert Hall 13,000 heard, while 15,000 more thronged the doors unable to gain admittance. New York's Hippodrome was quickly filled to hear Judge Rutherford, while 10,000 were turned away. He wants the people to understand his statement literally, that millions now living will never die, but will be restored to perfect conditions of body and mind and live forever on earth in peace and happiness.

A FRIEND OF THE PEOPLE  
President of the International Bible Students' Association and People's Pulpit Association, religious organizations serving the people without money and without price.

This lecture has comforted multitudes bereaved by the World War, epidemics and attending sorrows. So great has been the demand that it has been amplified and published in book form, including 500 Scriptural proof texts. Those unable to hear the lecture may have a copy by sending twenty-five cents to I. B. S. A. Lecture Bureau, 1051 South Grand Ave., Los Angeles, Cal.

**Sale Begins at 10:00 A. M.**

**\$500 in Cash to be Given Away at this Sale**

*A Good Free Lunch Will Be Served at Noon*

## Facts About This Addition

This addition is in a fine fertile valley and among oak trees in the Hills of Beverly. Is north of and near the Beverly Hills Hotel. It is a part of an 80-acre tract that adjoins Beverly Hills, the Douglas Fairbanks home, the Spalding estate, Mulholland Park with its fine orange grove and beautiful Lake Franklin. Is within a stone's throw of the Kirk B. Johnson home and within walking distance from the Beverly Hills Grammar School.

The setting of this tract is all that could be asked for, a combination of the scenic with the beautiful and is a property that will advance rapidly above the low auction prices we expect to obtain.

Suitable building restrictions and absolute race restrictions will protect this property.

Beverly Drive will be finished through this property with a rock and oil surface, together with cement curbs and gutters.

Water, gas, electricity and telephones will be furnished for the tract. These improvements and facilities will be installed within a reasonable time and without expense to purchasers of lots.

To reach the tract: Drive out Wilshire Boulevard to Beverly Drive, follow the signs along Beverly Drive north to the tract. Or take the Pacific Electric cars via 16th Street at Hill Street Station and get off at Beverly Hills Station. Free auto service from all trains to tract.

The Security Trust and Savings Bank is title owner of this property and will issue deeds and contracts.
